

For 24 hours ending 5 p.m. Thursday: Victoria and vicinity—Strong winds of gales, mostly southerly, unsettled and mild, with rain.

Pantages—Vaudeville. Columbia—Big Happiness. Variety—A House Divided. Princess—Sylvia Runs Away. Royal—Harriet and the Piper. Dominion—The Charm School.

Attitude of Allies Will Not Be Changed By Germany's Stand

London Conference Called, Not For Purpose of Pronouncing Sentence on Reparations, But to Produce Declaration of the Principles of Germany's Indebtedness.

Paris, Feb. 2.—Official information regarding the German attitude toward the reparations terms formulated by the Supreme Council last week had not come into possession of the French Government up to this afternoon.

London, Feb. 2.—The Conference called by the Supreme Council in London February 18, to which the Germans will be invited, will not be for the purpose of pronouncing sentence regarding reparations, from which the Germans will not be able to appeal, it was authoritatively stated here to-day.

It is pointed out in official circles that the work of the Paris Conference on reparations was that of making a solemn declaration of Germany's indebtedness. That declaration, it is asserted, will in the main be closely adhered to at the London Conference, but the Allies and Germany can adjust the method and time of payments.

It is even probable, it is stated, that the twelve per cent. tax on Germany's exports, provided for in the Paris terms, may be altered, although the principle of the right to impose such a tax will be retained.

The export tax measure, it is asserted was strictly a French proposal advanced for the purpose of guaranteeing the fullest protection from future German aggression.

Berlin, Feb. 2.—Germany does not consider the terms of reparations decided upon by the Supreme Allied Council at Paris as being the final settlement of the indemnity question, but the basis of future negotiations.

Rumors have been current that the present German Cabinet would resign, but they have been given little credence, as no other government would be conceivable under the present unanimity of political parties in Germany.

The reparations demands are, above all a blow at the German workingmen. Dr. Eduard David, Majority Socialist Leader and former member of the Ministry, declared in talking with the Associated Press.

"The agrarian classes might be able to survive such economic imposition as they are able to feed themselves. The wealthy also would probably not suffer under such a burden, but the German laboring people would have to shoulder the burden of such terms."

San Francisco, Feb. 2.—With the effects of a recent storm apparent in swollen rivers and a record snowpack, California and the Northwest States are in the path of another big disturbance to-day, according to the United States Weather Bureau here.

Port Arthur, Ont., Feb. 1.—The Port Arthur Shipbuilding Company announced this morning that its plant would operate on a forty-hour week basis beginning to-day.

Toronto, Feb. 2.—At the 35th annual convention of the Engineers Institute of Canada, which opened here yesterday, J. M. Fairbairn, chief engineer of the C. P. R., was elected president.

MORE TROOPS SENT TO QUELL RIOTING IN INDIAN REGION

Allahabad, India, Feb. 2.—Further reinforcements have been sent to the Raibareilly district where there is a recrudescence of last week's rioting.

Rioters estimated to number 10,000 were said in Allahabad dispatches to London to have been pouring into the Fyzabad district with the intention of annihilating the police.

JUDGMENT GIVEN ON EXPRESS RATES

Ottawa, Feb. 2.—(Canadian Press)—The judgment of the Board of Railway Commissioners in the express rates case was issued this afternoon.

The judgment grants an increase of 25 per cent. on first-class rates and charges 25 per cent. on second-class, and 20 per cent. on commodities, including principally, cream, fish and fruit.

The rate on all spirituous liquors in the future is to be increased to first-class. The cartage differential at non-cartage points as established by the last judgment has been eliminated which, in other words, means that express charges shall be the same to all points whether city, town or country.

NO WONDER CITY IS MUDDLED, HE SAYS

Minister of Lands Corrects Statements About Soldiers' Housing Scheme

Although the Soldiers' Housing Scheme has been an unqualified success some authorities at the Victoria City Hall do not like it any better than they did in the beginning.

These statements charge that the Provincial Government was only able to furnish \$140,000 to Victoria although the appropriation for Victoria was \$180,000.

It is no wonder that the City of Victoria seems constantly in a municipal mood when men holding high municipal office will make deliberate mis-statements.

"In spite of the fact that the housing scheme has been an unqualified success, it is evident that some of the authorities do not like it now any better than they did in the beginning.

INSPECTOR SHOT AT LISTOWEL

Cork, Feb. 2.—District Inspector O'Sullivan was shot to-day while walking with his little son in Listowel.

PRINCE RUPERT AFFECTED BY LACK OF REFRIGERATORS

Prince Rupert, Feb. 2.—January's halibut catch sold in this port totaled 540,000 pounds. But for the shortage of refrigerator cars nearly 1,000,000 pounds would have been handled locally.

Masaballa, Native Ruler, Is Active for Hertzog

London, Feb. 2.—(Canadian Associated Press)—Cable dispatches from Johannesburg, South Africa, state on reliable authority that Masaballa, a notorious native agitator, is helping to canvass the Uitenhage district in the interests of the Nationalist party, led by General Hertzog.

LIBERAL NOMINATED IN YAMASKA RIDING

Montreal, Feb. 2.—At a Liberal convention of Yamaska County held yesterday at St. Francois du Lac, Alim Boucher, notary public of Pierreville, was nominated Liberal candidate for the Yamaska by-election shortly to take place, to fill the vacancy caused by the death of Oscar Gladu, M.P.

Dr. Tolmie Says Canada Is Watching Oriental Situation on Pacific

Ottawa, Feb. 2.—That Canada, in British Columbia, had a similar Oriental problem, the same as the United States in California, was fully alive to the situation, and was watching it with a view to such steps as would assure the control of immigration to make sure that only such-settlers should be admitted to Canada as could be assimilated in Canadian life, was the statement made last night by Dr. S. F. Tolmie, Minister of Agriculture, in an address to the members of the Ottawa Poultry Association.

Dr. Tolmie stated that the importation of Chinese eggs, which were a low class product, produced under unsanitary conditions, was becoming a distinct menace; that truck gardening was practically controlled by the Oriental in British Columbia, who also was fast gaining supremacy in other industries there, and that it was impossible for the Canadians to compete with them.

MAYOR DEFEATED BY DRY FORCES

Dartmouth's Civic Head Liberal With Prescriptions

Halifax, Feb. 2.—Elections for the civic rulers of towns in Nova Scotia were held yesterday. In many respects the most notable contest was that in Dartmouth, where Colonel I. W. Vidito defeated Mayor H. C. Simpson by 265 votes. The "dry" forces worked hard for the Colonel, while the "wets" went solidly for the Mayor, whose recent excessive issue of liquor prescriptions, the Mayor being a physician, caused his coalition in the police court for violation of the Temperance Act.

AWAIT HANNA'S NEXT MOVE WITH INTEREST

Speculation Over Stand of C.N.R. President

Ottawa, Feb. 2.—The Journal on its front page this morning says: "The action of President Hanna, in view of the decision of the majority of the Board of Conciliation in bringing in a finding which practically nullifies his recent order regarding 'no politics' for railway employees is awaited with considerable interest."

ITALIAN "BLIMP" IS BOUGHT BY STATES

Famous Airship Roma Purchased For \$200,000

Washington, Feb. 2.—Purchase of the Italian "blimp" airship Roma, believed to be the largest semi-rigid aircraft in the world for approximately \$200,000 was announced to-day by the War Department. It probably would cost \$1,500,000 to duplicate the ship, the statement said.

Damage Suit Brought Against Henry Ford by Theatrical Man

Chicago, Feb. 2.—A complaint in a \$5,000,000 damage suit against Henry Ford and his paper, The Dearborn Independent, was filed in the Circuit Court yesterday by Morris Gest, theatrical producer, who alleged that an article in The Independent on January 22, 1921, contained "libelous, slanderous and false statements, concerning Mr. Gest and certain stage productions he had handled."

MINNESOTA WANTS CANADIAN LUMBER

St. Paul, Minn., Feb. 2.—A concurrent resolution memorializing Congress against the proposed tariff on Canadian lumber, was adopted by the Minnesota House yesterday.

Canadian Material Largely Used In Gold Coast Works

Projects Involving Expenditure of Fifty Million Dollars On West Coast of Africa Placed With Canadian Firm of Stewart & McDonnell.

Vancouver, Feb. 2.—(Canadian Press)—Fifty million dollars will be entrusted by the British Government to the Canadian firm of Stewart & McDonnell, headed by Major-General J. W. Stewart, C. B., to be spent on enormous engineering works in the Gold Coast Colony on the West Coast of Africa.

General Stewart states that as far as possible Canadian material and equipment will be used in the work. Canadian cars, steam shovels, locomotives, cement and iron will be shipped in immense quantities, while British Columbia Douglas fir will be utilized.

DRY LAW EFFECTIVE IN FOUR PROVINCES

No Referendum Possible For at Least Three Years

Winnipeg, Feb. 2.—The Manitoba Free Press this morning carries the following from its Ottawa correspondent: "Three dry years at least are before the people of the prairie provinces and Nova Scotia. In these provinces the amended Canada Temperance Act, forbidding importation of intoxicants for beverages became operative yesterday."

CHINESE EGGS ARE PROVING MENACE

Hon. Dr. Tolmie Tells Poultrymen at Ottawa

Ottawa, Feb. 2.—Hon. S. F. Tolmie, Minister of Agriculture, told the members of the Ottawa Poultry Association last night that the influx of Chinese eggs into this country was proving to be a menace to the Canadian poultrymen.

U. S. SUBMARINE BEACHED AFTER COLLISION WITH TUG

Philadelphia, Pa., Feb. 2.—The submarine L-1 collided off the Delaware Capes to-day with the steam pilot boat Philadelphia, sustaining damage that caused her to be beached at Lewes, Del. The engine room compartment of the underwater boat is flooded with 12 feet of water and her stern is submerged. There were no casualties.

ELECTORS HAVE VARIED CHOICE

Peterboro, Ont., Feb. 2.—All five candidates in the Federal by-election in West Peterboro are working hard in order to cover as much ground as possible by the end of this week, as the voting will take place next Monday.

Constantinople Court Finds Sentry Acted Without Justification

Constantinople, Feb. 2.—A court of inquiry held to inquire into the death of Victor Paul Prezensky, of the crew of an American submarine chaser, who some time ago was shot and then bayoneted to death by an Italian sentry, found that the sentry had acted without justification.

BAKERS AT WAR

Bellefonte, Ont., Feb. 2.—Local bakers are at war and the cut of four cents for a three-pound loaf means Monday from 24 cents to 20 cents a loaf retail, was followed yesterday by a further cut to 18 cents a loaf. In some stores bread was sold at 12 cents.

KINGSTON OPPOSED TO DOUBLE PLATOON SYSTEM FOR FIREMEN

Kingston, Ont., Feb. 2.—Kingston City Council has taken an active opposition to the double platoon system for firemen and has expressed the view that if the Ontario Legislature makes such legislation effective it should be applicable only to cities of 100,000 or over.

SIR ROBERT HORNE STAMPS ELECTION GOSSIP AS FALSE

London, Feb. 2.—(Canadian Associated Press)—Semi-official details regarding the election of Sir Robert Horne, President of the Board of Trade, speaking in Glasgow last evening, declared that nothing was further from the thoughts of those conducting the national business than the idea of manoeuvring for political position at a time when the country was confronted with difficulties as great as those any country had to face. This, he said, was no time to unsettle the mind of the business man.

Standard Oil Firm Plans Ten Per Cent. Reduction in Wages

New York, Feb. 2.—Reports circulated here that the Standard Oil Company was planning a ten per cent wage reduction in all parts of the United States were given added currency to-day by news of cuts made by Standard Oil subsidiaries in New Jersey and West Virginia. Employees of the Bayonne and Bay Way (Elizabeth) plants of the Standard Oil Company of New Jersey, considered the proposed reduction at meeting this evening, which reports came from Mannington, W. Va. The employees of the Eureka Pipeline Company, a Standard Oil subsidiary, had been notified of a similar reduction in the West Virginia field, a number of employees of the South Penn. Oil Company, also a Standard Oil subsidiary, have been laid off. The proposed reduction, according to employees, will take the form of suspension of a ten per cent wage bonus granted by the company during the war to offset high living costs.

ADMINISTRATION OF JUSTICE ATTACKED

Quebec, Feb. 2.—(Canadian Press)—A vigorous attack on the administration of justice in this Province by Arthur Sauve, leader of the Opposition, and an equally spirited defence of the Attorney-General's Department by Premier Taschereau was the feature of the Legislature yesterday afternoon. Mr. Sauve said bitter complaints had been made public as to the way murderers and robbers escaped from justice in the West Virginia field, a number of employees of the South Penn. Oil Company, also a Standard Oil subsidiary, have been laid off. The proposed reduction, according to employees, will take the form of suspension of a ten per cent wage bonus granted by the company during the war to offset high living costs.

Spirited Passage on Floor of Quebec Legislature

Quebec, Feb. 2.—(Canadian Press)—A vigorous attack on the administration of justice in this Province by Arthur Sauve, leader of the Opposition, and an equally spirited defence of the Attorney-General's Department by Premier Taschereau was the feature of the Legislature yesterday afternoon. Mr. Sauve said bitter complaints had been made public as to the way murderers and robbers escaped from justice in the West Virginia field, a number of employees of the South Penn. Oil Company, also a Standard Oil subsidiary, have been laid off. The proposed reduction, according to employees, will take the form of suspension of a ten per cent wage bonus granted by the company during the war to offset high living costs.

Big Construction Year Is Predicted in Canada

Toronto, Feb. 2.—That new construction in Canada in 1921 will amount to \$300,000,000, of which it is estimated that \$120,000,000 will be expended in Ontario, is the prediction of a local company, making a specialty of compiling building reports. "There is every reason to believe that building costs will come down before the opening of Spring," the company's representative says. Building permits to a value of \$100,241,607 were issued during 1920 in thirty-five leading Canadian cities. This represents a gain of nearly 30 per cent. over 1919, and is the largest total since 1913. Toronto led with \$25,784,732, followed by Montreal and Winnipeg with \$14,358,355 and \$8,870,150 respectively. During the past month construction contracts awarded amounted to \$8,947,500, an increase of \$201,000 over December, 1920.

Zionist Constitution Provides for Three Divisions in Canada

Montreal, Feb. 2.—At yesterday's session of the Zionist convention here, the new constitution providing for the division of Canada into three sections for Zionist activity, was adopted. Officers were elected for these divisions. For the western division the selections were: A. Osafsky, Winnipeg, vice-president; executive, H. Weider, St. Steinbock, L. Rosenthal, M. Finesteln, Miss G. Finesteln, all of Winnipeg; J. Schwartzfeld, H. Freedman and J. Cronick, Regina; M. Aldeman, Saskatoon; H. Friedman, Mrs. A. Goldberg, Edmonton; A. Shtiklik, Calgary; J. B. Jaffe, Vancouver; Dr. William Morris, Vancouver, and A. Lyons, Prince Albert, Sask.

Hydroplane For Timber Cruising

Toronto, Feb. 2.—George R. Gray, of the Spanish River Pulp & Paper Mills, who gave evidence yesterday before Mr. Justice Riddell in the timber inquiry, incidentally mentioned that the company was having a hydroplane built which would carry a canoe, bedding, five men and outfit for a month's provisions. The plane would be used for cruising, Mr. Gray said, as well as for locating fires.

Shipyard Plant Curtailing

Port Arthur, Ont., Feb. 1.—The Port Arthur Shipbuilding Company announced this morning that its plant would operate on a forty-hour week basis beginning to-day. The reduction in hours means the loss of one full day a week to the employees.

Austria Seeking To Recover Crown Jewels

Vienna, Feb. 2.—The National Assembly has directed the Government to begin proceedings to obtain the legal title and possession of the Crown jewels which former Emperor Charles fled out of the country before taking flight. The former Emperor refuses to acknowledge the Republic's right to the jewels which include the famous Florentine diamond awarded Italy under the Treaty of Peace, the delivery of which Italy is now demanding.

Engineers Elect Officers at Toronto

Toronto, Feb. 2.—At the 35th annual convention of the Engineers Institute of Canada, which opened here yesterday, J. M. Fairbairn, chief engineer of the C. P. R., was elected president. The vice-presidents include W. M. Scott, Winnipeg; S. C. Carpenter, Regina; S. G. Porter, Leithbridge, and H. S. Johnston, Armstrong, B. C.

APPOINTMENT TO B. C. UNIVERSITY

Dr. M. Y. Williams Is Professor of Paleontology Vancouver, Feb. 2.—The mining department of the applied science faculty of the University of British Columbia has been strengthened by the appointment of Dr. M. Y. Williams to the position of associate professor of paleontology. Dr. Williams is now a member of the staff of the Geological Survey of Canada. He is a Canadian and a graduate of the department of mines in Queen's University. After taking his science degree at Kingston he continued the study of geology at Yale, from which University he received his doctor's degree in 1912. For a time he was on the Yale staff of instruction, and in his early days had some experience as teacher in Ontario. During one Summer he reported on nickel deposits and three Summers during his Yale course were spent with the Canadian Geological Survey. In 1912 he was appointed to the regular staff of the department as junior geologist, and in 1915 was promoted to the rank of geologist. He is the author of a number of reports and of contributions to scientific societies.

GRADING IS COMPLETED ON REVELSTOKE WEST ROAD TO THREE VALLEY

Revelstoke, B. C., Feb. 2.—The contractors camp at 12-Mile has completed work and closed camp. This completes the grading on the Revelstoke West road as far as Three Valley with the exception of some rock at Victor Lake which is being carried on by Charles Granstrom and will be completed before the end of February. With the construction of the bridge over the C. P. R. tracks at Victor Lake which is being carried on by Charles Granstrom and will be completed before the end of February, the road will be open to Three Valley. The section between Clan William and Three Valley is by far the heaviest section of the road and its completion insures the finishing of the remaining section west of Three Valley early enough next year for the road to be opened to traffic before the close of the tourist season. The section between Clan William and Three Valley is by far the heaviest section of the road and its completion insures the finishing of the remaining section west of Three Valley early enough next year for the road to be opened to traffic before the close of the tourist season.

COMPULSORY LOAN IN QUEENSLAND PREDICTED

Brisbane, Queensland, Feb. 2.—The Queensland domestic loan of £2,000,000 has failed of flotation, and the Parliament of the State probably will be asked to adopt compulsory subscription to the loan. Following the unsuccessful attempt of the Hon. E. G. Theodore, Premier of Queensland, to raise a loan to the above amount in London last year, owing to the action of the Queensland Government in passing an Act which violated the contracts under which the Crown pastoral leases were held, the Premier stated that the money would be raised from private sources by means of a voluntary loan if companies subscribed to it. If they did not, the Government, he said, was determined to have it, nevertheless. It would now appear that the London capitalists and companies owning property in Queensland are to be compelled to subscribe to a local loan, since the voluntary attempt to raise it has failed.

EMBARGO ON CANADIAN CATTLE IS CONDEMNED

London, Feb. 2.—Another meeting of the London traders was yesterday held and a resolution was passed condemning the embargo on Canadian cattle and calling for its removal. Sir William Bull, member of Parliament, speaking at the meeting, said the Ministry of Agriculture had been brought around to their point of view and he believed the embargo would be withdrawn at an early date.

RECONCILIATION WITH OUTLAWS IMPOSSIBLE

Nationalists Opposed to Sinn Fein Methods Dublin, Feb. 2.—John Dillon, chairman of the Nationalist party, in response to an invitation from United Irish League supporters in Scotland to attempt a reconciliation between that body and the Sinn Feiners, says such reconciliation would be impossible except by adopting the programme and methods of the Sinn Fein, to which he and a large body of Nationalists would not consent. Mr. Dillon declared he believed many who voted for the Sinn Fein at the last election have changed their minds and regret it, but that the change is not sufficiently widespread. "The outlook just now is dark enough, but I am not a pessimist. The work of the last forty years cannot be undone. The Act of Union is dead; the settlement of Pitt and Castlereagh, which kept Ireland in misery and rebellion for 120 years, now, by universal consent, has been condemned as a miserable failure and swept away." Mr. Dillon said that he and the members of his party will not assist the Government in its efforts to implement its Home Rule Act as a settlement.

BOARD OF COMMERCE FAILS TO FUNCTION

Staff Released and Offices Practically Deserted Ottawa, Feb. 2.—(Canadian Press)—The Board of Commerce offices today are practically deserted, the staff having been released and the activities of the Board have ceased, at least for the time being. It was announced some time ago that the remaining members of the staff, after the first meeting of the Board, were to leave on January 31, and to-day Captain White, former secretary, then chief commissioner, and later reverted to the position of secretary, is the only occupant of the suite of offices which housed the Board. There is a valuable collection of records dealing with matters handled by the Board during its career, and these will remain in the care of Captain White until Parliament decides what is to be done in the matter of reconstituting the Board. There is stated to be no decision to remove the records to other premises for the time being, and their future use will depend upon the director of the Privy Council as to the status of the Board.

HIGH LUMBER RATES SUBJECT OF PROTEST

Winnipeg, Feb. 2.—A revision of the freight rates on the hauling of lumber from British Columbia is asked in a resolution passed here by manufacturers, wholesalers and retailers of lumber, west of the Great Lakes. The lumbermen claim the rates are burdensome, and are hampering and delaying building construction in Western Canada. The rates, they say, also discriminate against shippers of lumber from Pacific coast points to the province of Ontario and Eastern Canada. Copies of the resolution have been sent to the Railway Commission and the Canadian Railways.

TERMS CRITICIZED IN REICHSTAG

Germans Will Refuse to Negotiate, Simons Says

Berlin, Feb. 2.—Dr. Walter Simons, the Foreign Minister, declared in the Reichstag yesterday that the Government would refuse to negotiate on the basis of the Entente decisions regarding reparations and would formulate counter-proposals. His position was supported by all the party leaders except the Communists, who declared they would not yet be invited to send representatives. Dr. Simons said the German Government was unable either to refuse or to agree to participate in the London conference, but that it had been invited to send representatives. Dr. Simons' declaration of the German Government's attitude consisted of a lengthy criticism of the terms, and concluded as follows: "Counter-Proposals. "Not having received as yet an invitation to the London conference, the German Government cannot accept or refuse to participate in it, but declares in this connection that it refuses to negotiate on the basis of the Entente's decisions, and that it will formulate counter-proposals." The Reichstag was well filled, but only a few persons gathered outside to learn the Government's decision. Dr. Simons defended the vagueness of his proposals at Spa on the ground of the fact that the terms were not yet definite. He described the Entente note as the hasty outcome of difficult negotiations. In a brief allusion to disarmament, he promised that the German Government would loyally carry out its obligations, and would put itself in communication with the various states of the Empire on this subject. He then entered into a long disquisition on reparations. On this question, Dr. Simons said: "In all we shall have to pay in 42 years a total of 226,000,000,000 gold marks, or over three thousand billion paper marks. The Allies' second demand is that for forty-two years Germany pays 12 per cent ad valorem on German exports. Obviously, this is a heavy burden, but in this way one or two billions can be obtained from Germany." "That could not have been done in the most flourishing of pre-war times. The whole German economy is in a state of depression. What about the securities we already have handed the Allies? Apart from these securities, that new programme undoubtedly contains a contradiction of the peace treaty. "It is impossible for German economic life to continue in an unending state of uncertainty. We can only assume that the sum now placed before us is more or less arbitrary. The fixed sum of 226,000,000,000 gold marks, if calculated in paper, is more than the whole fortune of the German people. Burden. "It would be against common sense to burden the German people with such financial obligations at a moment when we believe we have shown our opponents in what a bad condition our country is. The German people demand for 226,000,000,000 gold marks in instalments for forty-two years and the complete economic enslavement of the German people and particularly of the workers. "The 12 per cent ad valorem tax is unconscionably heavy and injurious to the German people. With a rise in the exchange rate of the mark, these conditions must result in the throttling of the German export industry. Regarding penalties—they have not been communicated to us. We cannot be threatened with punishment if we do not accept a proposal. Otherwise it is no longer a proposal, but an order. I, therefore, could assume that the penalties will apply only to disarmament. "On the contrary, so far as the League is concerned, the involvement in it is not at all great, so great as to counteract the terrors of non-entry. "We have been informed that German plenipotentiaries would be invited to meet Allied delegates in London at the end of February. I would point out that the invitation has not yet been received, but that the German Government must now say, and I have the authority to say it, that the plenipotentiaries will not be sent to London if the League is not to be a possible ground for further negotiations. "Work was naturally to be our duty to do our utmost, despite formidable difficulties, to draw up clear counter-proposals. It could not be assumed, however, if the German people have been imposed upon Germany, so much can be gotten out of her as is expected. Her appeal must be made to German free will. "The German will not labor as a slave in the same manner he does when he has a free will. "For us valuable conclusion lies in the fact that the arrangement has departed in so many ways from the idea of settlement by treaty, that the Senate's note is not regarded by us as a possible ground for further negotiations.

AEROPLANE ENGINE MOST POWERFUL YET

British Machine of 1,000 Horse-power Tested

London, Feb. 2.—The successful testing of a 1,000-horsepower aeroplane engine, said to be the most powerful known, has opened up claims by the experts of the possibility of a regular London-New York aerial service and a passage within twenty-four hours, either direct, or by changing aircraft at the Azores. Sir John Alcock in 1919 flew from Newfoundland to Ireland in less than sixteen hours, using two 375-horsepower engines. The new engine is called the Cub. It was ordered by the Royal Air Force. It is understood that the Titania, a flying boat destroyer, which was to be used in long distance patrols, will be equipped with two "Cubs" and have a range of 1,500 miles. For war time the crew will number ten and for civilian use the craft can accommodate fifty passengers. The "Cub" 18 cylinders on a test indicated 1,057 horsepower in 20 hours. The engine weighs nearly a ton and cost about £6,000.

Extra Suit Special For Thursday Only

A select assortment of Tricotine, Poret Twill and Serge Suits are offered for Thursday at Half Price and less. They are trimmed with silk braid, embroidery and fancy stitching, and the styles are such that they will make excellent Spring suits. All are silk lined throughout. Sizes 16 and 18 only. VANCOUVER ISLAND NEWS

Visited Nanaimo. Nanaimo—The Rotary Club was addressed at its monthly "ladies' night" on Friday by District Governor Nelson G. Pike of Portland, Oregon, who emphasized the importance of Rotary in promoting a concord which would improve international relations. Other visitors were: Rotarians Taylor, Laurie, Walker and A. McFarlane, of Vancouver, the latter giving an address. The supper was followed by a musical programme and dance.

NEWS AND NOTES OF THE MINES

Nabob Group, Stewart. After sticking to the job until friends became apprehensive and made a trip to see if all was well, Charles Skonig and Eli Watland came out last Wednesday with excellent prospects for developing another mine, says the Portland Canal News. The ground upon which they have been working is the Galena mineral claim, formerly owned by J. Nesbitt and Andy Archie, but purchased outright by Charles Skonig and his associates, Geo. W. Nelson of Seattle and R. A. Young of Northport. Their holdings include the Nabob 3 and 4, staked by themselves, and the property is commonly referred to as the Nabob group. It adjoins the Lakeview on the east. Work was commenced last June on a trail and camp, this being completed, underground work was commenced on the Galena M. C. and an old tunnel which was already in sixty feet was carried on for another forty-two feet, as laid out by an engineer. It was then discovered that the tunnel was paralleling the vein and a crosscut was run to the left a distance of twenty-two feet, a forty foot upraise was then put in and quartz stringers carrying argente and native silver were being encountered when the air became so bad that a candle would not burn and they had to stop. Lining the vein outside they then went down below the showing which occurs in the creek and drove another tunnel twenty feet and drove a crosscut the vein showing twelve feet of solid ore with well defined hanging wall and foot walls, the hanging wall being a black slate and the foot wall a well mineralized porphyry. About a foot of carbonates occur on the surface next to the hanging wall from which good samples of colors were panned in a tin plate. Assays have not been made yet but the principal values will be copper, gold and silver. This property is on the north fork of Glacier creek about three miles

Don't let a cold stay—it may get worse!

and Disease." He outlined briefly the various methods for ensuring pure water supply and described how filtration is done on a large scale. With regard to milk he explained that proper preventive and pasteurization methods for the reduction of injurious bacteria. Then he took up the subject of vaccines and antitoxins, describing their nature and action in preventing or counteracting the various diseases. The doctor spoke in his usual vivacious style and his address was heartily enjoyed by all the club members.—Islander.

An easy way to get rid of headaches and break up colds

If you are subject to Headaches; or often have attacks of Neuralgia; or take cold very easily; you will naturally welcome information of any remedy which has been tested in hundreds of cases just like yours and has given thoroughly satisfactory results. During the last Influenza epidemic, and the wet, shabby days of last spring, DOMINION C.B.Q. TABLETS were recommended to be taken at the first sign of cold; when one felt a Headache or Neuralgia coming on. Those who wisely followed this advice found that one or two tablets relieved the pain, reduced the fever, and broke up the cold. DOMINION C.B.Q. TABLETS are a combination of Calcium, Bromide and Quinine and are sold by all druggists. They were originated by the National Drug and Chemical Company of Canada, Limited, an assurance in itself of the purity and efficiency of the ingredients. Insist on having Dominion C.B.Q. Tablets.

PEOPLE KEEP LOGS FROM UNEMPLOYED AND HOLD UP WORK

City Hears One Worker Threatened With Shooting

Well-to-do people, by insisting on "hogging" beach logs, are interfering with the city's wood cutting scheme for unemployment relief, John Day, supervisor of the scheme, stated today.

According to Mr. Day, a number of persons have marked logs, lying on the beaches, and have prevented the unemployed men from cutting them into fire wood. One man, Mr. Day states, went so far as to threaten to shoot one of the unemployed if he ventured to cut a certain log. Mr. Day is investigating this case, and will make a tour of the beaches this afternoon to see that the unemployed men get fairly treated.

SAYS TWENTY YEARS DREDGING STILL IN SIGHT IN KLONDIKE

Dawson News Tells of Extensive Operations Which May Be Enlarged

With the famous old placer creeks of Bonanza, Eldorado and Hunker having been practically dredged out, the largest remaining dredge propositions in the Klondike camp proper, that is, within a radius of 50 miles of Dawson, are those of the North West Corporation and the Canadian Klondike Company, allied under the Granville Mining Company, which holds most of the stock of the two operating companies, says the Dawson Daily News.

The North West Corporation operates in the Indian River watershed, while the Canadian Klondike Company is confined to the Klondike valley. Both are supplied with power from the large hydro-electric plant of the Canadian Klondike Power Company, situated at Glenboyle, 25 miles from Dawson, where the power is generated with water from the Klondike.

The North West Corporation owns two large dredges, one of the Marion and the other the Bucyrus type. Each has seven and a half cubic foot buckets, with a capacity of 4,000 cubic yards daily. No. 1 dredge of this company was installed during the early part of 1920 on upper Dominion Creek, and began operations there this summer. It formerly operated on the old Bear Concession, and later on upper Hunker Creek, under the Canadian Klondike Company, and was the pioneer modern dredge of the Klondike camp. In its operations this summer, after being moved to Dominion, it met with decided success, and the outlook for it is considered very promising, as Dominion is one of the best of the famous old placer creeks of the Klondike camp yet undredged.

The second dredge of the North West Corporation was bought during the year from the Yukon Gold Company, and is being moved this winter by sleighs from 60 below Hunker, where the Yukon Gold finished dredging out its Hunker Creek holdings, to Granville, on Lower Dominion Creek, where it will be assembled the first thing in the spring. It is the intention of the company to start operations there with the dredge as early as possible next season. The company has been preparing ground in that locality by stripping the overburden with hydraulics and by ground sluicing for years, and has a large area ready for work.

The Canadian Klondike Company has three mammoth Marion dredges, the largest in the entire North, and ranking among the largest gold dredges in the world. They are located on the company's ground, known as the Boy's concession, extending the full width of the Klondike valley, and from the mouth of Bonanza Creek to near the mouth of Hunker Creek, some eight miles in length.

WATER PILLS
FOR THE
KIDNEY'S

A large portion of this wonderful deposit of auriferous gravel has been turned over by the dredges of the company the last several years, but the greater part of the concession is yet unworked, and some estimate it will require twenty years to work it out with the large dredges now there. Two of the dredges were working during the last season, 1920, and turned over a large yardage. The third dredge was idle because of not having been fully equipped with buckets and other parts, which were scarce and difficult to obtain during the war. Each of these large dredges has seventeen cubic foot buckets, and the daily capacity of each dredge is 10,000 to 16,000 cubic yards.

The Canadian Klondike Power Company's plant has two 3,000 K.V.A. generators with a total capacity of 6,000 horsepower, and has been generating about 3,000 horsepower during the summer. The plant operates the year round and supplies power to the city of Dawson as well as to mining operations on the creeks.

The North West Corporation has extensive placer holdings on Dominion Creek, Indian River, Quartz Creek and Sulphur Creek. It owns most of lower Sulphur. The dredging ground on Sulphur is estimated to be 15 miles in length, while ground on Dominion suitable for dredging is estimated to be 15 miles, while Quartz is a mile and a half of dredging ground, and Indian River, for 20 miles, is supposed to contain much ground which with new processes will prove in time suitable for dredging. It is estimated the North West and the Canadian Klondike companies have ground enough in sight of dredging value to keep their present dredges and probably others busy the next 20 years. F. P. Burral, M. E., is manager of the two companies.

E. S. WOODWARD'S ELECTION MAY BE PROTESTED HERE

Claim His Property Qualifications Were Lacking

E. S. Woodward is the alderman whose election certain persons, among them a defeated aldermanic candidate, are attempting to upset. It is claimed that Mr. Woodward's property qualifications were not sufficient to entitle him to run for aldermanic honors—that his property was not registered in time to permit him to be a candidate. Those who would upset his election declare that his property was registered on July 12 of last year and that, as nomination day was January 10, 1921, the property had not been registered six months before the election as provided by the Municipal Act.

Mr. Woodward is aware that a move to bring matters to a head, but he does not care to discuss the subject for publication. It is understood, however, that he is not willing to let the matter rest, and he has consulted a legal adviser before filing his nomination papers.

City officials who have investigated the question at the request of people who object to the election are divided in their opinions. Some say that Mr. Woodward's property should have been registered two days before July 12 to entitle him to run. On the other hand, it is claimed that the Act is somewhat ambiguous in this regard and the definition of "six months" is in doubt. They observe that Mr. Woodward was the registered owner of property for 183 days—just more than half the year and was the owner during seven separate months, July, August, September, October, November, December, and January. What is considered most important is the fact that Mr. Woodward actually held a clear title to his property last June and that only an accident prevented its registration before July 12.

One of the candidates defeated at the recent civic election declared to-day that he would apply to the courts to upset the election if he could make sure that Mr. Woodward's qualifications were not sufficient. Others who have agreed with the City Hall for information on the subject were laboring men.

The WEATHER
Daily Bulletin Published by the Victoria Meteorological Department

Victoria, Feb. 2—5 a. m.—An ocean storm is hovering on the Coast against rain, mild weather southward to California. Snow is falling in Canada and zero temperatures continue in the prairies.

Reports.

Our Climate Breeds Throat Weakness

Few Escape Colds, Bronchitis and Throat Soreness.

New Methods Make the Relief Simple, Quick and Inexpensive.

Statistics prove that ninety-seven per cent. of Canadians suffer from colds, and that this disease is most dangerous owing to its tendency to extend to the bronchial tubes and lungs, causing consumption.

Science has the use of sprays, douches, and snuffs proved in the treatment of catarrh that these methods have not been in use by the regular physicians during the last decade. It was not until the discovery of Catarrhazone, the medicated air treatment, that the profession could be persuaded to treat this disease locally.

Catarrhazone treatment founded upon the knowledge that air, and dry air only can enter the bronchial tubes and lungs, at once commended itself to all scientific and medical men.

They found in Catarrhazone a new germicide of sufficient power to kill the bacilli of catarrh, bronchitis, and asthma, and volatile enough to impregnate every particle of air breathed by the patient, yet leaving it free from moisture, thus enabling the relief to reach every part of the passages of the throat and chest, and to penetrate the minutest air cells in the lungs.

After the germs have been killed off the cleaning of the inflamed mucous membranes, soothing and restoring them to their natural and healthy condition.

The convenience and value of the Catarrhazone Inhaler is easily recognized. A sudden change in weather, damp feet, or sitting in a draught is often the beginning of serious complications, but having the inhaler in your pocket, at the first shiver or sneeze you can apply the remedy and avoid fatal consequences.

It is so well-nigh impossible to suffer from even a slight cold if Catarrhazone is inhaled, occasionally, we recommend it to use this valuable remedy. Large size lasts two months, costs \$1; smaller size, 50c. At all dealers or by mail from the Catarrhazone Co., Buffalo, N. Y., and Kingston, Canada.

CONTROL OF FORESTS BY EXPERT FORESTERS

The opportunity for the beginning of a new era in the forestry situation in Ontario was created by the announcement of the Provincial Government that the timber administration on Crown lands will be under the Provincial Forestry Branch, instead of comprising a separate organization, in which no foresters were employed. This is the most important development which has yet taken place in the forestry situation in Ontario.

By this action, assuming that its logical consequences will follow, Ontario aligns herself with the provinces of Quebec, British Columbia and New Brunswick, which has already recognized the necessity for taking thought for the future by making foresters responsible for the technical administration of Crown timber lands. A partial example had been set by the Dominion Government at a still earlier date, when the Dominion Forestry Branch was placed in charge of the timber administration of Dominion forest reserves in the west, exclusive of licensed lands or timber limits.

Nova Scotia has practically no Crown timber lands, her forests having passed into private ownership many years ago. The need for a provincial forest service there is based upon the opportunity for the development of better forestry practice on these privately-owned timber lands, and upon the urgent need for a greatly intensified system of forest protection, to cover all the forested area of the province.

Prince Edward Island is not a forest province practically the whole of her land area being under cultivation.

Ontario is then the last of the forest provinces to recognize the necessary and logical connection between forestry and foresters. The recent action should, and no doubt will, mark the beginning of an era in which the fullest practicable consideration will be given to so regulating the methods of cutting on Crown lands as to leave them in a condition to produce another crop of valuable timber species. It has been demonstrated that logging operations in which cutting is not regulated by an eye to future productivity are generally destructive to the quality of the future growth. Each area requires to be carefully studied in advance of cutting, and the method of treatment to be prescribed may be adaptive to local conditions and at the same time be practicable from the operator's viewpoint, to say nothing of being reasonable from the viewpoint of additional cost involved.

Ontario is to be congratulated upon the progressive action taken in thus far recognizing the need for a technical administration of Crown timber lands. The Provincial Forestry Branch has a great responsibility and a great opportunity for public service in the prospective addition to its previous work of forestry protection, of the inauguration of forestry practice upon the great areas of Crown lands which have now come under its jurisdiction. Progress will necessarily be slow; economic conditions must be fully recognized; and it will take time to develop the kind of organization required for so large a task. Public sentiment is now undoubtedly fully ripe for the development of this situation along the most modern lines. It must, however, make itself actively felt in support of a really progressive forest policy.

A LIVELY TOPIC.

When the representatives of the Associated Boards of Trade of British Columbia meet in Vancouver next week one of the principal topics will be that of railway extension to the Peace River district.

The coast cities have a very direct interest in the development of the Peace River country; but until one or other of the transportation systems in this Province links the Pacific seaboard with what eventually should become British Columbia's granary development will be hindered and such movements of produce as are required at the present time will be Eastward instead of Westward.

In the interest of the national transportation system, and as a means of solving the difficulties and handicaps under which the settlers of the Ponce Coupe section are obliged to conduct their operations, the Dominion Government should be urged to extend the G. T. P. Eventually that is the course that will have to be followed.

"IMPOSSIBLE" THINGS.

It is doubtful whether Mr. Lloyd George expects Germany to pay her reparation bill in full. But that is no reason why the defeatists should revive all their old cries of the impossible. Less than twelve months before the war storm burst we were told that the idea of Great Britain and Germany at death grips on the battlefield was altogether too fantastic to be considered seriously.

AND EVEN GOLF.

Devotees of the royal and ancient game have prided themselves that theirs is not like other sports but on something higher than the plane of baseball, hockey and football where skill is rewarded in terms chiefly of dollars and cents.

land Rice, noted sport authority, with his summaries and comparisons for last year. His figures indicate that efficiency in golf, as far as financial rewards go, surpasses any other line of sport.

During the last few years golf has attained such vogue on this continent that there are nearly 2,000 golf professionals. Of these the earnings of more than 800 exceed \$2,500 a season.

As for individual stars there is no one in golf who can yet make his clubs collect as many shekles as the bat of the inimitable Babe Ruth. But there are a dozen or more whose bank accounts at the end of the year make an ordinary big leaguer envious.

So rapidly is golf growing and so alluring do the financial opportunities appear that even the youth with an inclination towards professional sport will have no difficulty in disabusing his mind of the common theory that it is only an amusement for aristocratic old gentlemen.

POOR MR. BOWSER.

It cannot be said that the Delta by-election campaign has furnished no interest for the people who will decide the issue to-morrow. Mr. Bowser has succeeded in attracting considerable attention to himself in his charges of collusion between the Government and the underworld.

BURY IT.

Canadians are informed in a dispatch from Ottawa that the offices of the Board of Commerce are now practically deserted. Only the secretary is left to tell the tale. He will remain in charge of a collection of records until Parliament has an opportunity to decide whether it shall pronounce suitable obsequies for the Board or whether it shall be resuscitated and its work continued.

RATHER TALL.

One of the San Francisco customs officials is credited with the statement that more than one million dollars' worth of whiskey is being smuggled through the Golden Gate every month from this city.

amount would mean a considerable leak and would suggest complicity on both sides of the border. We are afraid the official in question was talking without his book.

NOTE AND COMMENT

Dr. Paul Shorey, a professor of the University of Chicago, told the Canadian Club in Toronto yesterday that the salvation of the world depended upon the standing together of the British Empire and the United States.

Prince Maximilian of Baden has informed The New York Herald that he did not advise the ex-Kaiser to fly the country because the streets of Berlin were flowing with blood.

OTHER PAPERS' VIEWS

KEEP IT GOING

(From The Manitoba Free Press) Business appears to be picking up in the country. Business creates business; business creates employment. Keep the ball rolling.

AN ALLIANCE TO SPREAD JOY

(From New York Evening Post.) Senator Borah's resolution comes at an opportune moment. Congress, and in particular the members of Senator Borah's party in Congress, is wrestling with the Government's financial problem. The estimates must be reduced. The first and biggest place to strike is the \$1,360,000,000 asked for our military and naval establishment.

SAID TO BE 146 YEARS OLD

(From The London Chronicle) Turkey's 146-year-old man, Zora Mehmed, reputed to be the oldest man in the world, has been ill for some time with indigestion. This was the first time Zora had ever been ill. He complained that it was because of his set of false teeth. Zora has always been a hamal, that is, a carrier of heavy weights, ranging from 100 to 1000 pounds.

UNEMPLOYED

VETERANS TO MEET

Another Mass Gathering Is Called For Thursday Night

A mass meeting of unemployed veterans will take place to-morrow at 8 p.m. in the G. W. V. A. Club Rooms, Fort Street. The situation is at its zenith now, and apparently the citizens do not realize the serious situation.

Only this morning a woman called at the home of a member of the executive and broke down, saying they had no breakfast and nothing in the house. The family, with two children, were in a pitiful state, the husband unable to secure any employment. Needless to say, the veteran promptly shared the rations he had on hand.

Any suggestions for relief from anyone would be greatly appreciated and will receive full consideration if left with the Secretary of the G. W. V. A., 710 Fort Street, before to-morrow evening.

RETAIL MERCHANTS INVITED.

Retail merchants who are members of the Victoria Chamber of Commerce, are invited to attend a luncheon to be held at 12.15 on Friday at the Dominion Hotel, to deal with matters of special interest to their business.

Amber is found colored black, white, green and brown, as well as yellow.

"The stars incline, but do not compel."

HOROSCOPE

Wednesday, February 2, 1921 (Copyright, 1921, by The McClure Newspaper Syndicate.)

Neptune and the Sun rule strongly for good early to-day, according to astrology. In the evening Jupiter is adverse.

Success best betides those who rush their affairs in the morning, for then forethought can be best trusted under this sway of the stars.

It is an auspicious time for seeking political support or for laying the foundations for new business associations.

Interviews with persons in positions of power are likely to be satisfactory, while the Sun is in friendly aspect. It is prophesied that the new ad-

ministration at Washington will be most democratic in its attitude toward the public, and that those who deal with it this year will find satisfaction, but later other stars will cause changes. The National Capital comes under a planetary government that seems to promise much for those who enjoy social affairs that bring together famous men and women. The salon may be revived by more than one official hostess.

There is an influence read as evil for Great Britain, denoting much excitement in the Commons. The American Ambassador will meet many severe tests.

In the United States unemployment will become a serious problem as Spring approaches.

There is a threatening sign for motion pictures, many changes being indicated. Thousands of employees may suffer loss of work or decrease in compensation.

The sinister aspect affecting movies is the same that is held to presage new conditions that will govern the legitimate stage, making for independent

enterprises and growth of community theatre interests. Persons whose birthdate it is have the augury of a successful year if born in the morning. Those who first saw the light after noon should guard against losses and keep business well in hand. Employees will benefit. Children born on this day are likely to have happy lives in which they enjoy continued prosperity, but they may be inclined to be extravagant.

SENATOR MCSWEENEY DIES AT MONCTON

Moncton, N.B., Feb. 2.—Hon. Peter McSweeney, a member of the Canadian Senate and well known not only among parliamentarians but among Canadian business and professional men as well, died at his home here this morning. Senator McSweeney had been in his usual state of health up to two or

Wilson, Mrs. Price, Mrs. Rhodes, Miss Belson, Mrs. Carey, Mrs. F. Wollaston, Mrs. H. Lawson, Mrs. Henry Helsterman and Mrs. Lennox.

Treasurer's Report. The total receipts were \$6,819, made up of fees, grants, collections and miscellaneous subscriptions. The operating expenses averaged \$500 per month.

VICTORIAN ORDER HAS SUCCESSFUL YEAR'S PROGRESS

Dr. Price, at Annual Meeting, Praises Work of Local Members. The man and woman in the street to whom the Victorian Order of Nurses represents merely a name of vague import, the reports given at the annual meeting held in the headquarters, 1144 Rockland Avenue, yesterday, will come in the nature of a revelation.

The president's address was in part as follows: I have the honor of presenting to you the annual report of the Victoria Branch of the Victorian Order of Nurses, and in so doing I have a feeling of great satisfaction in reporting the splendid amount of good work done by Misses McNeil, Val Shaw, and Miss Rents.

Registry For Nurses. Dr. Price and Mrs. Wallace Grime felt that after their members had passed their Home Nursing and First Aid examinations, so much valuable help could be used by the Victorian Order, if we would open a registry to all auxiliary helpers, as they were to be called, who would care to go into homes and carry on the nursing under the V. O. N. nurses, as well as the routine work of the home.

As our funds were low in April, Mrs. Ross Sutherland kindly loaned her home for a bride's trousseau, which netted us the sum of \$23.65. The Harbor Marine Association volunteered a special collection at their works in May. The sum collected was \$24.75, which we appreciated, as well as the spirit which prompted it.

In April the Dr. O. M. Jones Chapter held a daffodil tea at the V. O. N. home, which was a financial success as well as social, so many coming who were interested in our work. The proceeds, \$55.00, were to be spent on something especially for our nurses, so a Victoria was decided on. Our share in the Alexandra Rose Day receipts was \$87.24.

In maintaining this branch of the Order we depend on a grant from the Provincial Government, the Victoria City Council, Oak Bay Municipality, the subscribers and fees. Our thanks are due our nurses, Miss McNeil, Miss Shaw and Miss Rents, for their splendid work; to the Red Cross Society; the various chapters of the I. O. D. E.; to special donations from societies, the B. C. Electric Railway, Mr. Hewlett, the subscribers, and press.

Many Cases Nursed. Cases nursed during year: 945 Medical cases, 418 Surgical, 58 Gynaecological, 12 Obstetrical, 45 Prenatal, 10 Chronic, 10 Tubercular, 10 Infectious, 107 Cases more than one visit, 4958 Non nursing visits, 3910 Nursing visits, 297 Prenatal visits, 190 Social service visits, 25 Child Welfare visits, 536 General fees, \$1070.75 Metropolitan fees, \$142.25 Night calls, 103 Operations, 30 Confinements, 115 Metropolitan patients, 1534 Free cases, 135 Free visits, 669

Dr. Price spoke to the meeting and stressed the V. O. N. nurses had been a tremendous help to him during the year, especially during the influenza time. During 1920 there had been 1177 cases for nurses, many of these came under the V. O. N. Tuberculosis work, but now under the V. O. N., and patients were supplied with milk and eggs.

The infant mortality in Victoria was very low during the year. A great deal of credit for this to the Prenatal and Child Welfare had sided. He thanked the V. O. N. Board for their help and the Friendly Help, for their efforts with the V. O. N. supplying clothing and so forth. Mrs. Schofield spoke of the splendid work of the Order, and of the great work which fell to the president.

APPOINTED TO THE EXECUTIVE

Miss Mackenzie, superintendent of the hospital, gave an interesting report of the quarterly meeting of the Graduate Nurses' Association of British Columbia.

Preparations are being made for the Provincial Annual Convention of the Graduate Nurses' Association of B. C., to be held at the Jubilee Nurses' Home on Easter Monday. Following the formal part of the proceedings there was a reception in the recreation hall of the Nurses' Home, when the Nurses' Alumnae Association of both Jubilee and St. Joseph's Hospitals were the guests of the Graduate Nurses. There was a musical programme conducted by Miss Gregory-Allen, the following taking part: Song, Mr. Jones; reading, Mrs. Hollins; song, Miss Clothier; duet, Miss Thomas and Mrs. Jones; song, Dr. K. Mills.

Community Park at Langford—A public meeting of the residents of Langford is to be held at the Assembly rooms, Thursday, February 3, at 8 p. m., under the auspices of the Langford Women's Institute to consider the advisability of acquiring a community park for the district.

Chapter Held At Meeting—At the annual meeting of the Robert Valentine Harvey Chapter, I. O. E., held in the headquarters last evening, the following officers were elected: Honorary Regent, Mrs. Bernacles; Honorary First Vice-Regent, Mrs. Innes; Honorary Second Vice-Regent, Mrs. C. J. Stewart; Regent, Mrs. W. R. Sayer; First Vice-Regent, Mrs. Douglas; Second Vice-Regent, Mrs. P. Fletcher; Secretary, Mrs. R. Bates; Treasurer, Miss Thurnburn; Echoes, Mrs. C. Lytton; Standard Bearer, Miss Hettie Bradshaw. Satisfactory reports of the year's work were read by Miss Innes, the secretary, while the report of the treasurer, Miss Thurnburn, showed the finances to be in a satisfactory condition. Mrs. Alfred Watt, M. E. E., was presented with the 1921 war clasp. Mrs. Tyrell-Godman, a visitor, gave a brief address on the work of the Women's Institutes.

Your First Glimpse of the Smart New Suits for Spring

We will deem it a pleasure to show you these new suits for Spring—whether you intend to make an immediate purchase or not. These lovely suits reveal the true trend of fashion—the box effect coat, the lavishly embroidered peplum, pockets, collar or belt, the long roll collar, etc.

Materials are tricotine, gaberdine, poiret twill, serge and wool poplin; navy blue continues a favorite shade. Our high quality standard is maintained with a satisfactory lowering of prices.

BILL-DOG DRUMMOND

By Cyril McNeile
"Sapper"

"There seem to me to be a considerable number of people wandering around who share your opinion about Mr. Potts," drawled Hugh. "He must be a popular sort of cove."

"Popular ain't the word for it, Captain," said the other. "Have you got him now?"

"In a matter of speaking, yes," answered Hugh, beckoning to a passing waiter. "Three Martinis."

"Where is he?" snapped the detective eagerly.

"Being wrapped up in cottonwool by somebody else's wife and daughter. You were a little too quick Mr. Green; you may be all you say—on the other hand, you may not. And these days I trust no one."

The American nodded his head in approval.

"Quite right," he remarked. "My motto—and yet I'm going to trust you! Weeks ago we heard things on the other side, through certain channels, as to the business which was on the rails over here. It was a bit vague, and there were big men in it; but at the time it was no concern of ours. You run your own worries, Captain, over this side."

Hugh nodded.

"Go on," he said curtly.

"Then Hiram C. Potts got mixed up in it; exactly how, we weren't wise to. But it was enough to bring me over here. Two days ago I got this cable." He produced a bundle of papers, and handed one to Drummond. "It's in cipher, just opposite. I've put the translation underneath."

Hugh took the cablegram and glanced at it. It was short and to the point:

"Captain Hugh Drummond, of Half Moon Street, London, is your man."

He glanced up at the American, who drained his cocktail with the air of a man who is satisfied with life.

"Captain Hugh Drummond, of Half Moon Street, London, is my man," he chuckled. "Well, Captain, what about it now? Will you tell me why you've come to Paris? I guess it's something to do with the business I'm on."

For a few moments Hugh did not reply, and the American seemed in no hurry for an answer. Some early arrivals for dinner sauntered through the lounge, and Drummond watched them idly as they passed. The American detective certainly seemed all right, but... Casually, his glance was attracted to a man sitting just opposite, reading the paper. He took in the short, dark beard—the immaculate, though slightly foreign evening clothes; evidently a wealthy Frenchman, in the dining room of the restaurant by the way the head waiter was hovering around. And then suddenly his eyes narrowed, and he sat motionless.

"Are you interested in the psychology of gambling, Mr. Green?" he remarked, turning to the somewhat astonished American. "Some people cannot control their eyes or their mouth if the stakes are big; others cannot control their hands. For instance, the gentleman opposite. Does anything strike you particularly with regard to him?"

The detective glanced across the lounge.

"He seems to like hitting his knee with his left hand," he said, after a short inspection.

"Precisely," murmured Hugh. "That is why I came to Paris."

"Captain, you have me guessing."

The American bit the end off another cigar, and leaned back in his chair. "You say that swell Frenchman with the waiters hovering about like fleas round a dog's tail is the reason you came to Paris. Is he kind of friendly with Hiram C. Potts?"

Drummond laughed.

"The first time I met Mr. Potts," he remarked, "that swell Frenchman was just going to put a thumb-screw on his second thumb."

"Second?" The detective looked up quickly.

"The first had been treated earlier in the evening," answered Drummond quietly. "It was then that I removed your millionaire pal."

The other lit a cigar deliberately.

"Say, Captain, he murmured, "I'm afraid I'm losing my leg by any chance, are you?"

"I am not," said Drummond shortly.

"I was told, before I met him, that the gentleman over there was one of the boys..." He is, most distinctly. In fact, though up-to-date such matters have not been much in my line. I should put him down as a sort of super-criminal. I wonder what name he is passing under here?"

The American ceased pulling at his cigar.

"Do they vary?"

"In England he is clean-shaven, possesses a daughter, and answers to Carl Peterson. As he is at present I should never have known him, but for that little trick of his."

"Possesses a daughter!" For the first time the detective displayed traces of excitement. "Holy Smoke! It can't be him!"

"Who?" demanded Drummond.

"But the other ain't not answer. Out of the corner of his eye he was watching three men who had just joined the subject of their talk, and on his face was a dawning amazement. He was still the whole party had gone into the restaurant, then, throwing aside his caution, he turned excitedly on Drummond.

"Are you certain," he cried, "that that fellow who has been monkeying with Potts?"

"Absolutely," said Hugh. "He recognized me; whether he thinks I recognized him or not, I don't know."

"The what?" remarked the detective, "is he doing here dining with Hocking, our cotton trust man; with Steinmann, the German coal man; and with that other guy whose face is familiar, though I name I can't place? Two of 'em at any rate, Captain, have got more millions than we're ever likely to have thousands."

"Last night," he said slowly, "he was foregathered with a crowd of the most atrocious ragged-trousered revolutionaries it's ever been my luck to run up against."

"You're in it, Captain, right in the middle of it," cried the detective, slapping his leg. "I'll eat my hat if that Frenchman isn't Franklin—or Libstein—or Baron Darot—or any other of the blamed names he calls himself. He's the biggest proposition we've ever been up against on this little old earth, and he's done it every time. He never commits himself, and if he does, he always covers his tracks. He's a genius; he's the goods. Gee!" he whistled gently under his breath. "If we could only lay him by the heels!"

For a while he stared in front of him, lost in his dream of pleasant anticipation; then, with a short laugh, he pulled himself together.

"Quite a few people have thought the same, Captain," he remarked, "and there he is—still drinking highballs. You say he was with a crowd of revolutionaries last night. What do you mean exactly?"

"Bolshevists, Anarchists, members of the Do-no-work-and-have-all-the-money Brigade," answered Hugh.

"But excuse me a moment, waiter."

"A man who had been hovering round came up promptly."

"Four of 'em, Ted," said Hugh in a rapid undertone. "Frenchman with a rapid underarm, and two Boches. Do your best."

"Right-o, old bean!" returned the waiter, "but don't hope for too much."

He disappeared unobtrusively into the restaurant, and Hugh turned with a laugh to the American, who was staring at him in amazement.

BURBERRY COATS

Announcing the Advance Millinery Modes For Early Spring

For early Spring wear the models shown here will strongly appeal to women of discriminating taste.

Poke or sailor brims, off-the-face and turban effects; developed in faille silk, taffeta silk, combined with shiny Visco braids, straw cloths, fine quality batavia cloths and cellophane.

The trimmings consist of profuse flower effects and tailored with beads, ornaments or embroidered motifs; colors are mostly bright new shades of Pekin, pheasant, henna, Copenhagen, azure or deep sky, and the ever-popular navy, brown and black.

The prices are such as you will be glad to pay. Be among the first to view the new modes.

These New Wool Sweater Coats Are Special Value at \$8.50 Each

Attractive Values in Silks 30-Inch Japanese Taffeta Silk in colors such as navy, royal, brown, red, pink, sky, white, old gold and Paddy. There are different shades of each color, making a good assortment to choose from—75¢ a yard.

Those women who will require a new sweater coat for the Spring season could not do better than to inspect the values shown at this price. They are in tuxedo and sailor collar styles, with belt, pockets and cuffs, are exceptionally well made; come in shades of turquoise, American beauty, rose, Nile, saxe and navy. Specially priced at \$8.50 each.

Special "Double Wear" Georgette Crepe in more than eighty different shades. Special value at \$2.25 a yard.

Come and View the New Serge Dresses

The models are youthful and straight of line, following the latest French dictates. They rely on their extreme simplicity for attractiveness, and will be held in high favor by those who require smart serviceable apparel.

Navy Serge Frock in youthful style; has accordion pleated skirt with Eton jacket effect which is trimmed with silk braid and embroidery; long sleeves, navy satin sash and Georgette vest—\$29.50.

Smart model of navy serge has black satin skirt with loose panels of serge from the waist line; these are embroidered with blue silk. The navy serge bodice and elbow sleeves and narrow belt are also trimmed with silk embroidery—\$45.00.

Very Smart Are the Tailored Silk Blouses

Model of white habutai silk is in convertible style, with fullness from the yoke; has button cuff—\$4.95.

Heavy Quality White Habutai Silk Blouse made with long roll collar, turn-back button cuffs, fastens with large single button in front—\$8.75.

Blouse of natural color spun silk, has tucked front and high neck; can also be had in low neck style with tucked collar—\$7.50.

Excellent Quality Habutai Silk Blouse can be had with pin-tucked front, in high neck style or with shawl collar and long sleeves—\$10.00.

OFFICERS MAINTAIN EIMERT'S WHISKY UNTAMPERED WITH

Police Commission Hears Evidence in Inquiry As to Whisky Mystery

WORKLESS MEN REFUSE TO TAKE SUB-SCALE PAY

Saanich Unemployed Scorn to Labor at Reduced Wage and Quit Tasks

Practically every man employed by Saanich in emergency work quit his tasks yesterday afternoon, when it was announced that the rate of pay had been reduced from \$4 per day to \$3.25.

There are approximately thirty-five men enrolled on this special employment staff, and this morning most of them were absent from the highways, in support of the declaration of a deputation which waited on Reeve Watson yesterday afternoon at Royal Oak, who stated that until the wage scale was restored to \$4, they would rather be workless.

Reeve Watson told the deputation that the cut was authorized at the session which the Water and Sewer Committee held in camera on Monday evening, and that the only way to bring their complaint before the Council was to be present at Thursday night's session. In the meantime he could do nothing in the matter.

The deputation told the Reeve that the grievance would certainly be aired on Thursday evening, and in the meantime none of the emergency staff would continue at work on the lowered figure. This has not proved quite accurate, as there are a few of the men still continuing at their work.

The cut has only affected the emergency employment staff, the permanent men not being included in the new decision.

The inquiry by the Victoria Police Commission into the mystery of what became of Henry Eimert's whisky was advanced another stage yesterday afternoon, and will probably be concluded next Wednesday, the hearing being adjourned to that day to permit of calling Sheriff Richards, of the County Court, and some additional witnesses required by Mr. Eimert.

The proceedings at the police court yesterday afternoon tended to show that the ten gallon keg, when seized by Detectives O'Leary, Phipps and Siciliano on June 9 last, was about three-quarters full, and that when it was returned to Mr. Eimert, after an extended court and Sheriff Richards, it had only three gallons remaining.

As to this latter point, Eimert, W. Kay, and E. B. Green all testified to being present when the keg was tapped, and agreed that the seals pasted over the bung were intact. Further, they agreed that the six inches of liquor in the keg was wratched stuff, this being an occasion for Prosecutor Harrison to endeavor to place the burden of quality on the inferior goods at present being shipped from prairie wholesalers.

It was brought out in the course of the hearing that samples of seized goods were always available to owners for purposes of analysis, but that as there was no denial of it being whisky there had been no analysis made in the Eimert instance.

Hard to Tamper.

The three detectives concerned in the seizure of the liquor all swore that, when the keg was handed over to the custody of the Police Court, the contents were the same in weight as when first seized, and although the whisky, while in their care, had been left in an unlocked vault overnight, Detective Sergt. O'Leary declared that it would be impossible for anyone unequipped with a syphon apparatus to have abstracted any of the contents without spilling liquor all over the floor.

Ernest Miller, counsel for Mr. Eimert, propounded to each of the detectives the following question: "If the contents described by Mr. Eimert, as to there being but six inches of liquor in the keg when he got it back, existed in fact, of which statement you have no reason to doubt the truth, then, you would say that someone took some of the contents out at some time after you last had custody of the keg," and all three members of the department readily agreed.

OUCH! ANOTHER RHEUMATIC TWINGE

Get busy and relieve those pains with that handy bottle of Sloan's Liniment

WHAT Sloan's does, it does thoroughly—penetrates without rubbing to the afflicted part and promptly relieves most kinds of external pains and aches. You'll find it clean and non-skin-staining. Keep it handy for sciatica, lumbago, neuralgia, over-exerted muscles, stiff joints, backache, pains, bruises, strains, sprains, bad weather after-effects.

For 35 years Sloan's Liniment has helped thousands the world over. You aren't likely to be an exception. It certainly does produce results.

All druggists—35c, 70c, \$1.40. Made in Canada.

GREAT FASCINATION TO WORK OF THOSE WHO STUDY THE STARS

Lecturing on "The Romance of Astronomy" at the Girls' Central School last night, Dr. J. S. Plaskett, director of the Saanich Astro-physical Observatory, delved deep into the history of astronomy, tracing its development from the earliest ages of civilization.

Dr. Plaskett showed that astronomy was the most ancient of the physical sciences, and was distinguished among them by its slow and progressive development. He traced the growth of the science through the Egyptian, Babylonian and Chaldean civilizations, and described the astronomical work of the Greek philosophers. Proceeding to more modern times, he outlined the work of Copernicus and Galileo, and of Newton's work, he said:

"This is, in my belief, the great epic of astronomy, and surely no stranger or more wonderful story could be imagined, nor any more marvelous development due to the mind of man conceived than this story of the gradual unfolding of the great mystery of the world."

"Custom can never blunt the wonder with which the inhabitants of the world must regard the achievement of compelling rays emanating from a source devoid of sensible magnitude through immeasurable distance to reveal by their distinctive qualities such wonderful information," the speaker concluded.

Manager Pocock, of the Government Employment Bureau, St. Thomas, stated that there are 133 war veterans out of work in that city.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves all out \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four ounces of Pinex in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired.

Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot, and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

SAYS SOVIET RULE IS MISUNDERSTOOD

Isaac McBride Addresses Audience at Princess Theatre

That the Allied blockade of Russia was only going to prolong the suffering of the peasants of that country; that the rest of the world had an entirely wrong conception of the Soviet rule, and that the Allies were even now, he thought, planning a Spring offensive with the purpose of wiping out Soviet rule in Russia, were statements made by Isaac McBride at the Princess Theatre last night. He said that it was only the aristocracy that wished to overthrow the workers' government and he warned the Allies against interference. The speaker also said that there were vast stores of first, second and third year grain in Russia that could be used to feed the rest of the world; that if the blockade were lifted and trade relations completed there were thousands of men out of work.

In a few years other countries would wake up to a realization of Russia's intelligence and the real value of what the people there are now fighting for and suffering for, he said. They do not want the forces from outside to penetrate their country because they know it would mean a return of conditions wherein the worker is exploited for the purpose of maintaining the rich in ease and luxury," said Mr. McBride. Other peoples of the world would sooner or later recognize the advantages of the Soviet rule, Mr. McBride claimed.

The speaker collected \$230, which he said would be used for hospital relief in Russia, and a silver collection was also taken to defray the expenses of the hall. One man contributed \$50.

In answer to a question the speaker said his audience last night was the smallest he had addressed in the West.

STORM CREATED HAVOC IN BOOMS UNDER TOW SOUTH

Millions of Feet of Cut Logs Adrift; Loss in Thousands of Dollars

Vancouver, Feb. 2.—Many thousands of dollars' worth of logs in booms were lost in the Gulf of Georgia in last Saturday night's hurricane. The tug Haro was in port last night securing men and supplies and left again late in the evening in an endeavor to save some of the losses.

MAKURA NOT YET CLEARED FROM AUSTRALASIA

No February Run to Antipodes Probable in View of Delay

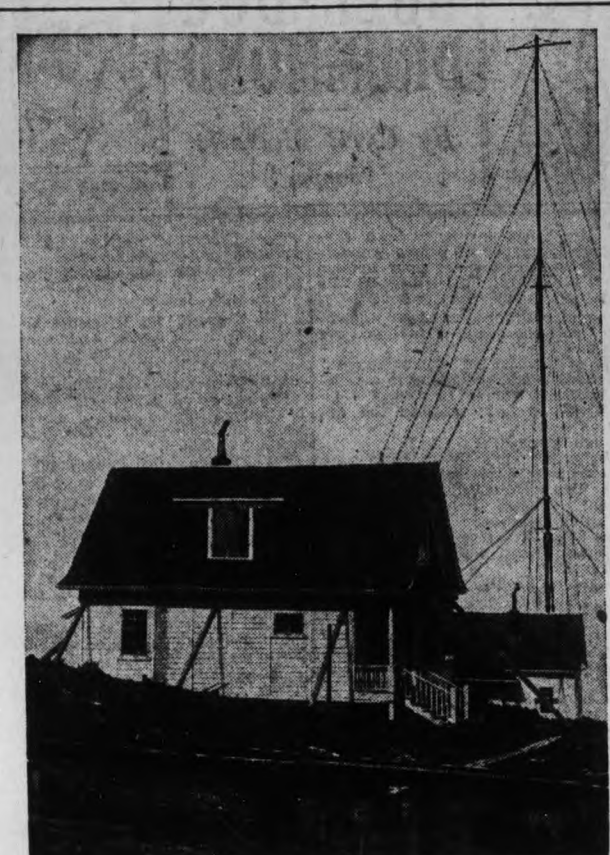

Word was received to-day by the ticket office of the C.P.O.S. that the Canadian-Australian liner Makura was still at Sydney, N.S.W., and that she could not possibly reach here prior to February 25.

CHOLBERGS WILL COMPLETE FOUR CRAFT AT YARDS

Decision to Carry Contract Through Announced To-day

That the Cholberg yard hoped to open work on the other ships of the programme of four wooden barquentines for the Victoria Shipowners, Ltd., and that these four would be completed as arranged, was stated by Chris Cholberg to-day to The Times.

To Be Replaced by New Station

TRIANGLE ISLAND WIRELESS STATION

Actuated by a number of reasons, chief among which was doubtless the comparative inaccessibility of its location—Triangle Island wireless station, the Dominion wireless authority, it is expected, will be superseded by a larger and better station at Bull Harbor.

MAIL SERVICE NOT QUOTED IN ESTIMATES

Vancouver, Feb. 2.—According to authentic information secured this morning there is every possibility that the aerial mail service between Victoria and Seattle may be discontinued after the end of March.

GERMAN STEAMER CHANGES HANDS

The C. P. O. S. officials here have been advised that the line will not operate the ex-German liner Prinz Frederick Wilhelm this year, as the big passenger carrier has been acquired by the National Steam Navigation Company of Greece for its service between New York and Piræus.

CANADIAN TRAVELLER MAY RUN TRIALS IN FEW WEEKS' TIME

Last Contract of Harbor Marine Ltd. Nearing Completion

Work on the Canadian Traveller, the second steel freighter built for the C. G. M. M. service by the Harbor Marine Ltd., here, is progressing rapidly at the Victoria Machinery Depot, it was learned to-day. The Canadian Traveller will be ready for her steam trials about the end of this month, or early in next at the latest and should even surpass the record put out by the Canadian Winner, which did slightly over fourteen knots on her trials.

LONGSHOREMEN EXPERIENCING LEAN WINTER ON BOATS

Incoming Freight Craft Less in Evidence As Weeks Go By

Consequent on the falling off in the freighting tonnage that is calling at this port, and in which a very notable decrease has occurred in recent weeks, the number of longshoremen who can obtain work in this port is rapidly diminishing.

BAYLEY HIPKINS FIGURES IN SOUTH

Manager of Late Foundation Yards Here Gets Sacramento Filtration Plant

In a recent issue of Railway and Marine World it is stated that the Coast Construction Co., of which Bayley Hipkins is president, has been awarded the contract for a large portion of the work in constructing the Sacramento filtration plant.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, itching become easier and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has noisy noises should give this prescription a trial.

Girls' Corner Club.—Mrs. Nalder will address the club in the clubroom, I. O. O. F. Hall, Douglas Street, on Thursday at 7 p. m., and tell the life-story of one or more of India's little widows. Mrs. Nalder has been connected for many years with Fundata Ramam-bai, an Indian lady of the highest cast, in relief work for those little sufferers, and has addressed large audiences in many parts of the world. She has also held meetings in this city and a great interest has been shown in her work. This meeting will close before 8 p. m. and will be open to the public. Supper will be served as usual at 6.15 p. m. to which all business girls are cordially invited, the Ladies' Aid of First Baptist Church kind.

BRIEF LOCALS

Winchester Junior Rifle Corps.—There will be a meeting of the Winchester Junior Rifle Corps at headquarters at 7.15 o'clock to-night.

Queens Avenue Post Office.—A money order post office has been established in place of the new branch post office at 1027 Queens Avenue, established last Fall. This was necessitated by the increased demand for these facilities.

G. A. U. V. Officers.—Officers for 1921 were elected by the G. A. U. V. last night. M. A. Orford, head of the provincial body, was made president, succeeding R. P. McLernan. J. MacNeil is first vice-president, J. McKennie, second vice-president, and W. Porteous the new sergeant-at-arms.

Military Five Hundred.—The usual card party was held by the Ladies' Auxiliary of the Veterans of France at the clubrooms on Tuesday evening. The first prizes were awarded as follows: Miss St. John, Mrs. Henderson, Mr. Henderson and Mr. O'Connor; the consolation prizes going to Mrs. Cameron, Mrs. Macnicoll, Mr. Fyvie and Mr. Kidner.

Five Hundred and Dance.—The Victoria Lodge Number One, A. O. U. W., will be the hosts at the K. of C. Hall, Fort Street to-night, when the members will hold a military 500 and dance. These entertainments were very popular last winter and it may interest those who attended that year to hear that an old time dance is being arranged. Everything has been arranged to make the evening an enjoyable one. Thorne's orchestra will supply the musical programme of the evening.

Aged Women's Home.—The regular monthly meeting of the Women's Committee of the Aged and Infirm Women's Home was held yesterday afternoon with president Mrs. Clay in the chair. Several applications for admission from Vancouver were refused owing to the home's accommodation being fully taken up. Donations were acknowledged as follows: Papers, Mr. Fenton; old linen, Mrs. Reed; concert, Miss Johnson's Bible class; First Baptist Church, Fairfield Methodist Church and Young People's Society.

Linen Shower.—Many people do not realize the excellent work being done by the G. W. V. and the Women's Auxiliary. Many beds at the quarters are given to men who are temporarily financially embarrassed, and the strain has been so great that it has become necessary to turn many applicants away. There are a few vacant rooms and it is the aim of the Women's Auxiliary to put these to use, so a linen shower is being held in the main hall to-morrow (Thursday) from 2 to 5 in the afternoon. Tea will be served and a musical programme given. A large attendance is expected. Anyone unable to attend, but who desires to forward donations, should do so, such gifts being gratefully appreciated.

To Hold Wool-Carding Bee.—At the meeting of the Strawberry Vale Women's Institute yesterday, plans were completed for the holding of a wool carding and quilting school on Wilkinson Road Sunday, February 5. Mrs. Dennis Harris will direct the operations and the comforters will be donated to the Saanich Health Centre. Arrangements were also made for a concert at the Strawberry Vale Hall on February 11, under the co-operation of the Department of Agriculture, Mrs. Foster, the librarian of the Institute, and the members of the Institute. It is reported that the library now had about 100 books which are circulated among the members. The Institute decided to take up the matter of an improvement in the scheduling of the interurban line. The B. C. E. R. will be interviewed in the matter, the Garden City Institute co-operating.

URGUE WORKS IN VICTORIA WEST

Improvements to the streets of Victoria West and inauguration of a programme of improvements at the Gorge Park will be urged upon the City Council immediately by the Victoria West Brotherhood, following a meeting of that organization last night. The Brotherhood will urge that the city proceed with improvements on Mary Street and Wilson Street and will ask the Council to state whether Alston Street, Main Street and certain other streets extended to the waterfront.

Alderman E. S. Woodward was present at the Brotherhood meeting at the request of the members and explained to about fifty people, who attended, the Proportional Representation system of voting.

The death took place this morning at her home, 724 Belton Avenue, of Miss Elizabeth McGowan, eldest daughter of Mr. and Mrs. R. McGowan. She was born in Ontario thirty-three years ago and had been a resident of this city for the past ten years. She is survived by besides her parents one sister. The funeral will take place on Saturday, February 5, at 2 o'clock from the Sands Funeral Chapel. Rev. Dr. Maclean will officiate and interment will take place at Ross Bay Cemetery.

The funeral of the late John Murray, whose death occurred at the Jubilee Hospital last evening at the age of 67 years. He was born in North Ireland and had been a resident of British Columbia for the past seventeen years. He leaves to mourn his loss his widow, three sons and two daughters. The funeral will be held from the B. C. Funeral Chapel on Thursday at 3.30. Interment will be made in the family plot at Ross Bay Cemetery.

At the family residence, 23 Trent Street, the death occurred early this morning of Isolda Lillian Harvey, wife of Major Barnett Harvey, aged 59 years. The funeral will be held from the B. C. Funeral Chapel on Friday at 2 o'clock, proceeding to St. Mary's Church, Oak Bay, where service will be conducted at 2.15 by the Rev. G. H. Andrews.

The funeral of the late Mrs. Kathleen Dorothy Floyer took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and friends were present and many beautiful flowers were testified to the high esteem in which the deceased was held. Rev. David Lister officiated and the hymns sung were "Rock of Ages," "Lead Kindly Light" and "Forever With the Lord." After the services Mrs. B. E. LeFevre sang the solo entitled, "I heard the Voice of Jesus Say." The remains will be placed in the vaults at the Sands Funeral Chapel until April, when the casket will be forwarded to Lynedock Cemetery, Norfolk County, where interment will take place in the family plot.

OBITUARY RECORD

The death took place this morning at her home, 724 Belton Avenue, of Miss Elizabeth McGowan, eldest daughter of Mr. and Mrs. R. McGowan. She was born in Ontario thirty-three years ago and had been a resident of this city for the past ten years. She is survived by besides her parents one sister. The funeral will take place on Saturday, February 5, at 2 o'clock from the Sands Funeral Chapel. Rev. Dr. Maclean will officiate and interment will take place at Ross Bay Cemetery.

Joseph Dunwoodie, of 1041 Fort Street, passed away at the Jubilee Hospital last evening at the age of 67 years. He was born in North Ireland and had been a resident of British Columbia for the past seventeen years. He leaves to mourn his loss his widow, three sons and two daughters. The funeral will be held from the B. C. Funeral Chapel on Thursday at 3.30. Interment will be made in the family plot at Ross Bay Cemetery.

At the family residence, 23 Trent Street, the death occurred early this morning of Isolda Lillian Harvey, wife of Major Barnett Harvey, aged 59 years. The funeral will be held from the B. C. Funeral Chapel on Friday at 2 o'clock, proceeding to St. Mary's Church, Oak Bay, where service will be conducted at 2.15 by the Rev. G. H. Andrews.

The funeral of the late John Murray, whose death occurred at the Jubilee Hospital last evening at the age of 67 years. He was born in North Ireland and had been a resident of British Columbia for the past seventeen years. He leaves to mourn his loss his widow, three sons and two daughters. The funeral will be held from the B. C. Funeral Chapel on Thursday at 3.30. Interment will be made in the family plot at Ross Bay Cemetery.

At the family residence, 23 Trent Street, the death occurred early this morning of Isolda Lillian Harvey, wife of Major Barnett Harvey, aged 59 years. The funeral will be held from the B. C. Funeral Chapel on Friday at 2 o'clock, proceeding to St. Mary's Church, Oak Bay, where service will be conducted at 2.15 by the Rev. G. H. Andrews.

The funeral of the late Mrs. Kathleen Dorothy Floyer took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and friends were present and many beautiful flowers were testified to the high esteem in which the deceased was held. Rev. David Lister officiated and the hymns sung were "Rock of Ages," "Lead Kindly Light" and "Forever With the Lord." After the services Mrs. B. E. LeFevre sang the solo entitled, "I heard the Voice of Jesus Say." The remains will be placed in the vaults at the Sands Funeral Chapel until April, when the casket will be forwarded to Lynedock Cemetery, Norfolk County, where interment will take place in the family plot.

MAYOR ASKED TO SEARCH OUT ALL CORSET WEARERS

Turns Down Offer of One Pair of Fine Corsets

A pair of really high-class corsets was the alluring prize offered to Mayor Robert J. Porter this morning if he would compile certain interesting statistics for an entire corset manufacturing concern. To win the prize His Worship understands he would have to prepare a list which would show how many people wear corsets in Victoria and who the corset wearers are.

When he opened the letter from the corset manufacturers the Mayor hurried with it to City Clerk E. W. Bradley. "The prize offered is generous enough and highly desirable, I admit," the Mayor told Mr. Bradley, "but really I fancy that the task of finding out from each lady in the city whether she wears corsets would be a rather difficult one. I would like the corsets but shrink from the work involved in securing them. I think, Mr. Bradley, you had better undertake the job if you would like the corsets. Perhaps you could divide them between us—or toss a coin to see who would get them."

Mr. Bradley did not take to the suggestion very enthusiastically. He said he thought that the work of searching out the corset wearers of the city wouldn't be worth while. As a result the letter from the corset people is lying in a drawer at the City Clerk's office and any alderman who is particularly anxious to secure the prize corsets is welcome to compile the corset statistics desired. Some of the City Council members have examined the letter and thought longingly about the corsets, but none have been bold enough to tackle the job.

The corset manufacturers addressed their letter to "R. J. Porter, Town Clerk." They ask that they be supplied with a list of names of those who have wives and daughters here and suggest that the voters' list would serve as a basis for these figures. In return for this favor they please to "address to your wife, daughter or friend a pair of corsets with our compliments."

BISHOP REVIEWS CHURCH PROGRESS

Synod of Columbia Hears Notable Episcopal Charge

"The outstanding event of our diocesan life for 1920 is open which we share with the Canadian Church—the wonderful progress of the Anglican Forward Movement. It is difficult to realize now that scarcely more than a year ago I was engaged in trying to persuade the diocese to undertake courageously and in trustful dependence upon God, what seemed to many at the time the forlorn hope of our financial objective in the Anglican Forward Movement," said Bishop Schofield, in the course of his episcopal charge to the Diocesan Synod of Columbia to-day.

His lordship gave a most thorough and carefully reasoned exposition of the Lambeth Conference and the question of ecclesiastical reunion of the churches.

Changes in the Staff.

Speaking of changes in the staff he said: "The year has brought the following changes among the clergy: We have lost the Revs. T. M. Hughes, Cecil Swanson, G. A. Wells and J. H. T. Holman, all of faithful service have gone to new fields of work. Beside these, the Rev. L. A. Knight has resigned his temporary charge of Colwood and Tillamook, and the Rev. E. G. Miller, in whose recent benevolence the Synod deeply sympathizes, has asked for his letters of transfer. To one and all of the foregoing we render our gratitude for services rendered, and pray for continued blessing upon their work.

"Then within our own borders I have transferred the Rev. J. W. Flinn from St. Mark's, Victoria, to Sandwick and Courtenay; H. V. Hitchcock from French Creek to St. Mark's, Victoria; F. Conley from Cumberland to Victoria; and S. S. Pearson from Cedar District to Colwood and Tillamook.

"To fill up the vacancies I have offered French Creek to the Rev. C. H. Popham, Cumberland to the Rev. W. Leversedge, Shawigan and Cobble Hill to the Rev. E. R. Chamney, and Cedar District to the Rev. William Carroll. Of these all but the last have definitely accepted, and I hope to hear favorably from Mr. Carroll at any moment, while Messrs. Popham and Leversedge are already with us, to them we extend a cordial welcome.

"There will be universal regret in the Diocese over the continued ill-health of the Rev. William Barton, who has been compelled to resign North Saanich and Sidney, and return to Esquimalt for hospital treatment. I can assure our brother of our continued prayers for his speedy recovery. I have appointed the Rev. J. W. Storey as acting-vicar for six months. I have also appointed the Rev. St. John Wayne, A. A. rector of Conington, in the Diocese of Ely, my commissary in England."

His Lordship pointed out that the only permanent clergy in still health where while in England to secure a priest for this post, but without avail, nor have I been able to find one in Canada. On the other hand, neither the North nor the West Coast has been left without ministrations," said the Bishop.

The Bishop explained the arrangements which made temporarily under Archdeacon Collison, in the North, the Alberta, and the vicar of the Alert Bay Mission, and outlined the hope for an extension of the work during the coming summer.

His Lordship, turning to the question of the Oriental work, pointed out that "it has been extremely difficult

DENISHAWN DANCERS

APPEAR IN NEW ACT

"Julnar of the Sea" Is Spectacular Persian Production

A Denishawn production entitled "Julnar of the Sea" is the feature act of the Pantages vaudeville bill this week. Every dance conception of Ted Shawn seems to excel its predecessor, and in "Julnar of the Sea" critics claim that all previous creations of the Los Angeles dance wizard have been surpassed in originality, artistry and skill of execution.

"Julnar of the Sea" is a dance drama based on a story from the Arabian Nights. George Barron appears in the role of the Persian prince, who wins the hand of Princess Julnar. The part of the princess is taken by Lillian Powell, a wonderful young dancer, regarded as one of the ablest products of the Shawn studios. The principals are supported by a large cast of beautiful dancing girls.

As in other Denishawn productions, the scenic grandeur and brilliant costumes play an important part in carrying out the effect. Lighting arrangements add to the color of the offering, which in all essential respects is distinctive and decidedly impressive.

"Pirate Gold" is the somewhat mysterious title of a very pretty musical offering, interspersed with witty comedy features. Adele Romaine appears as the Italian girl in the piece and in this character is said to be superb. The settings and effects are a complete novelty.

Carter and Bouttee are a pair of clever dancers, introducing eccentric, rang, comedy and jazz syncopation mixed with laughable songs and humorous patter.

Prevost and Goulet appear in a breezy little act entitled "A Vaudeville Melange," starting with some music and winding up with some clever acrobatics.

A screwingly funny offering is that presented by the Otto Brothers, who are wizards at comedy travesty. They burlesque four of the worst acts in vaudeville in song, dance and talk.

"Pirate Gold" with George B. Seitz and Marguerite Courtot, is being shown one of the most exciting episodes being billed for this week.

unusual predicament and finally wins the girl is the big punch of the picture.

ATTRACTIVE PLAY

DUE AT PRINCESS

First Appearance of "Sylvia Runs Away" To-night

To-night at the Princess Theatre will be presented the three-act comedy entitled, "Sylvia Runs Away," and it's some comedy, full of the brightest lines, the best situations of any comedy yet staged by the Princess Theatre. At the first performance to-night, February 2, the enlarged portrait of Miss Page will be given the winner of the guessing contest. The one guessing nearest the correct number of words spoken by Byron Aldern in the part of Joe in "Turn to the Right" last week, will be winner of the picture, and the winner must be in the house to receive the prize. Children attending the Saturday matinee will not only see in "Sylvia Runs Away" a most entertaining play, but will receive the details of a new contest for the kiddies. "Sylvia Runs Away" to-night and the balance of the week, with the usual Saturday matinee.

ANITA STEWART

WED MANY TIMES

"Harriet and the Piper" Occupies Royal Screen

Anita Stewart, who says she doesn't know exactly how many times she has been married on the screen, was quite delighted to go through two wedding ceremonies for the first time in her latest Paramount picture, "Harriet and the Piper," which will be exhibited at the Royal Victoria Theatre, beginning to-day.

The first of these cinema weddings was to Ward Crane, who plays the part of a leader of the gay Bohemian life of Greenwich Village. It was a lawless, free love ceremony, and of course didn't count. The second was to Charles Richman, who plays the part of Richard Carter, a fashionable and eminently respectable family. But even that marriage had an unromantic beginning.

Field played by Anita, awakens to realization of her error just in time and flees from her Greenwich Village "husband." She becomes a governess in the home of a wealthy man, and when his wife is killed in an accident while eloping with another man, she consents to marry Carter to relieve him of the responsibility of his household and the care of his two children with the understanding that she will be left in charge of the household.

How genuine love and happiness grow out of Harriet's empty romance of Greenwich Village is revealed in a fascinating manner by the version of Kathleen Norris' story. On the completion of this picture Anita Stewart left the Pacific Coast for New York.

"real" husband, Rudolph Cameron.

DOMINION

Wallace Reid has become a teacher in a young ladies' school. The pupils are taught how to make themselves charming, the course comprising lessons in Grecian and modern dancing, swimming, daisies and beauty culture.

But before Mr. Reid is swamped with letters of inquiry from admiring screen fans, it should be said that this is only a part of the star's latest Paramount picture, "The Charm School" which will be shown at the Dominion Theatre all week.

According to the story, Mr. Reid, as Austin Bevan, inherits the girls' school from his aunt. Believing that women should devote all their time to making themselves charming he converts the institution into a "charm" school and changes all the methods there under the Prohibition Act.

The delicious roast pork of China, of whose origin Charles Lamb wrote so delightfully, appears to need some sweetening fluid to give it a true relish.

"Sam Suey" is apparently taboo, according to a ruling by Magistrate Shaw, of Vancouver, in a prosecution there under the Prohibition Act where it has been ruled that it cannot be used for the purpose of flavoring piggy during the roasting process.

In a case on Tuesday Kai Kee appeared, charged with having liquor on his store premises, but he explained that a Chinese butcher, who rented a portion of the store, was the guilty party, and the court was on the point of adjourning the case for the latter's appearance, when a diminutive Oriental dashed breathlessly into the room. He informed the court, through Mr. Cumyow, that he was "the butcher," that the bottle of liquor was his, and that he used it there for roasting the "pig," but he was informed that the flavoring would cost him \$50 and that he must find another liquid with which to give tone to the porker in future.

SAYS BUSINESS

DECLINE IS OVER

Cash Register Men Hear Forbes Analyze Situation

Ninety per cent. of the financial and industrial trouble has been passed, according to C. G. Owen, Victoria manager of the National Cash Register Co., who just returned from the Dayton sales organization convention of the company at which B. C. Forbes, editor of Forbes Magazine and noted financial writer, analyzed the business outlook.

Mr. Owen says Mr. Forbes analyzed every fundamental condition of the continent as sound. He says readjustment has been pretty thoroughly completed in such things as cotton, rubber, wool, copper and silk. But readjustment has not yet been completed in steel, automobiles, pianos, rugs and carpets. Money is becoming more plentiful. While a year ago things looked black they now look decidedly optimistic.

The convention was attended by 500 sales managers who made 100 per cent. or more of their year's quota, and by foreign managers from Germany, Australia, Cuba, Porto Rico, and England.

"The tone of the entire convention was optimistic," said Mr. Owen. "Our first vice-president, J. H. Barringer, made the following statement: 'We are optimistic, but we are going to back up that optimism with safe, sound business judgment. We have been told that conditions are not changing but that they have changed. Things are getting back to normal, and now is the time to plan for the future, and go forward.'"

TO SING SUNDAY

MRS. R. BAIRD,

the popular contralto, will be among the assisting artists at the G.W.V.A. band concert at the Royal Victoria Theatre on Sunday evening.

ADDITIONAL LIST OF CONTRIBUTIONS TO FAMINE FUND

A further list of contributions made to the Chinese Famine Relief Fund has been prepared by the Victoria committee in view of the fact that the amount of the contributions previously published in the lists have been collected, and have not been handled by the local relief committee. These lists contain, so far as it is possible to ascertain, all the amounts collected in Victoria for the relief of China, and are as follows:

Self denial for three Anglicans	50.00
Anonymous contributors	28.00
Dr. Russell B. Robertson	10.00
Mrs. E. A. Cross	10.00
W. E. Adams	10.00

Total to date	\$6,112.54

GRANDMA USED SAGE

TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair: taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

V.O.N. BUSY DURING PAST TWO MONTHS

Mrs. Goulding Wilson presided at the monthly meeting of the V. O. N. held in the headquarters, 1145 Rockland Avenue, yesterday afternoon at 2.30, fourteen members being present. It was reported that the bridge tea held at the home of Mrs. Goulding Wilson under the auspices of the Camosun Chapter, I. O. D. E., had netted \$136.50 for the V. O. N. funds, and the Board expressed its grateful thanks for the generous donation.

During December the nurses paid 458 visits, and nursed 78 cases, including 53 child welfare cases, while in January 432 visits were paid, and 78 cases nursed, including Mrs. Schofield, Mrs. Christie, Miss Crudge and Miss Oldfield were appointed to represent the V. O. N. at the annual meeting of the Local Council of Women, and Mrs. Christie will be the representative for the year. Mrs. Brett was appointed convener of a sewing meeting to be held at the headquarters for the purpose of making pneumonia jackets and other articles.

The Board acknowledges with grateful thanks donations from the following: Mrs. Rodgers, Mrs. B. W. Pearce, Mrs. D. Spencer, sr., Mrs. I. W. Powell, Mrs. H. H. Jones, Mrs. A. Garesche, Mrs. W. Denny, Mrs. J. G. Wilson, Mrs. Sutherland, Mrs. H. G. Wilsey, Mrs. Pooley, Miss Meyer, Mrs. Grainger, Mrs. G. Hardie, Mrs. Parker-Hibben, Canadian Red Cross Society, Wm. Fernie, Mrs. McMynn, Mrs. Bullock Webster, Mrs. Gallihart, Mrs. A. W. Jones, Mrs. H. B. Robertson.

DAUGHTERS OF PITY MONTHLY MEETING

The regular monthly meeting of the Daughters of Pity was held at the residence of Miss Lovell. Arrangements were made for a 500 party to be held after Lent. The Daughters of Pity decided to hold their children's party as in former years. Formerly an annual event, held before the war, it will be renewed around the Christmas season.

Plans were begun for a huge bazaar to be held in the Fall, Miss Bannerman being appointed buyer of line to begin work for the event. A further donation of \$5 for the late Christmas work was received, with thanks from Mrs. W. B. Pearce. Orders were given for the purchase of two more beds, and the renewal of blankets for the Children's Ward, Jubilee Hospital. Five new members were welcomed as follows: Miss E. King, Miss G. Fox, Miss E. Taylor, Miss S. Herbert and Miss E. Bowron.

TONSorial Assistance

(Chicago Herald-Examiner) "Fighting with an insane negro on the top of a five-story building, Patrolman Martin Gill was about to be hurled to the street, when an ex-sailor grabbed Gill's legs and shaved him."

Nathaniel McCready left his home in Barnia two weeks ago with \$400 in his pocket to take a position in Courtwright, and has not been heard of since.

A Pimply Face or Poor Complexion Quickly Restored

Thousands of young men and women would be handsome and attractive were it not for unsightly pimples, blackheads, and rough even skin. Custom seems to recommend lotions and salves, but unfortunately their effect is but temporary. These disgusting blemishes do not originate in the skin—their birth in every case goes further back, to the blood, which must be cleansed of humors before the pimples depart for good.

A physician who has made a careful study of such cases, says that the quickest relief comes from a blood-purifying medicine like Ferronezine. The minute Ferronezine strikes the blood its good work begins. Poisons and foul matter are expelled. Every trace of humor is driven out, and the whole life current is supplied with nutritious and health giving qualities. You can always tell a Ferronezine complexion when you see it—the cheeks are clear and rosy, no signs of sallowness—the eyes are bright and expressive because rich, red blood is circulating through the whole system carrying health, energy, and strength with it. Not only will all skin eruptions disappear, but an increase in vital strength, an all-round improvement will be apparent. No rebuilding tonic could be more efficient. Get Ferronezine to-day—Good for young and old, for well-to-do and sick ones, too. 50c per box, or six boxes for \$2.50, at all dealers, or direct by mail from The Catarhozone Co., Kingston, Ont.

COURT OF APPEAL HEARS MARTIN CASE

Dispute Over Procedure in Mortgage Action Argued

After a legal bout lasting one hour and a half to-day over the question as to whether or not an affidavit and cross-examination on the document made by M. B. Jackson, K. C., should be admitted in the Court of Appeal...

The Dispute. According to the court record, the whole trouble arose over a series of mortgages given by Mrs. Martin to three adjoining properties...

According to the court record, the whole trouble arose over a series of mortgages given by Mrs. Martin to three adjoining properties, on one of which his private residence is situated.

During the argument this morning the Court held that if there was any dispute between counsel as to what was the rule of practice in the Court of Appeal to hear counsel as to what was the only course to pursue.

Police Elect Officers.—The annual meeting of the Policemen's Mutual Benefit Society was held yesterday, the officers selected for the coming year being as follows: Honorary president, Magistrate Jay and Chief Langley; president, Acting Chief Thos. Palmer, re-elected; fire vice-president, Driver Caldwell; second vice-president, Constable Frank Jones; treasurer, Constable Clare; acting secretary, Jailer Varney.

Teeth Knocked Out.—W. Carter, driver of one of the city trucks, lost several teeth and had a stitch put in his face as a result of pre-ignition when attempting to crank his truck. He was given first aid at the police station and medical attention by Dr. Lennox.

When sentenced at Chicago to three years for stealing one little skinny rooster, a negro said: "It ain't no wise natural. Supposing it had been a juicy hen, I reckon I get hung."

The large implement sheds of John Good, concession six, West Nisqually, were destroyed by fire.

"I'm Happy and Well now for I took Dr. Pierce's Favorite Prescription"

Thousands of women in this country have reason to speak as above. From every part of Canada women write Doctor Pierce at the Invalids' Hotel in Buffalo, N. Y., as do these: PHIPPE, SASK.—"Dr. Pierce's Favorite Prescription cured me when all other medicines failed. The home doctors could do nothing for me. I happened to see Dr. Pierce's advertisement in the paper, sent for the medicine, and felt great benefit from even the first few teaspoonfuls that I took. I took but a few bottles until I was well. I cannot speak too highly of its merits."

CATHEDRAL SCHEME BEFORE SYNOD

Bishop Schofield Recommends Revival of Building Committee

Naturally the question of the proposed new cathedral here occupied the attention of Bishop Schofield in his charge to the Synod of Columbia to-day. He recommended to the Synod, after thoroughly reviewing the history of the proposal, that a resolution should be adopted empowering the executive to revive the building committee...

ANGLICAN SYNOD TO CONSIDER CHANGE OF CHURCH NAME

Columbia Diocese Synod Gets Down to Business

The first session of the twenty-first Synod of the Diocese opened this morning in Christ Church Cathedral schoolroom, Right Rev. Bishop Schofield presiding. Before proceeding to business the Synod elected the Rev. Robert Connell as Clerical Secretary, in place of the Rev. J. W. Flinton, whose transference last Summer to Courtenay rendered inconvenient his continued retention of the office.

Because of the delays incident to the balloting system last year, the Synod adopted a revised plan submitted by A. J. Dallain, who last year acted as returning officer. The new system is based on numbering the candidates for offices, the votes being cast for numbers instead of names, and is expected to prove speedy and simple.

Dean Quinlan read a letter from the Synod of Halifax Diocese regarding the name of the Church of England in this city, which was asked whether a change of name is desirable and if so, what is suggested as preferable. Dean Quinlan stated that the name of the Church of England in this city is the "British Canadian Church," the latter being received with considerable amusement by the gathering.

Returned by Acclamation. Returning Officer Pullen declared to-day that Major Arthur Bray, of 1147 Old Esquimalt Road, had been elected as member of the school trustees board for the time being. R. D. A. Barton seconded the nomination, which was the only one filed when the hour for closing came.

Chamber of Commerce.—The attention of members of the Chamber of Commerce is called to the meeting of the Forum which is held in the Sprout-Shaw College auditorium to-morrow night, commencing promptly at 8 o'clock. The subject for discussion will be "Commission Form of Municipal Government."

Middlesex County Baptists will hold a convention in London, February 2.

Table with financial statements: Receipts, Disbursements, and Balance. Includes items like Alert Bay Mission, Bishopric Endowment Fund, etc.

IT'S MADE RIGHT!

Cod-liver oil is as delicate as butter; it must be made right to assure palatability.

Scott's Emulsion is decidedly palatable and easy to take. It contains purest medicinal cod-liver oil that is made right from the start.

MAY CLEAR UP SIGNAL HILL CASE

Two More Arrests Follow Police Inquiry in Highway Robbery

Charged with being two of the three hold-up men who robbed Rex Stinson at the point of revolvers early on the morning of January 16 last, John F. Dean and Robert Keag, two members of the Royal Canadian Garrison Artillery, were arrested this morning by Chief James Palmer of the Esquimalt Police, and were brought to the city police station for safe keeping at noon to-day. They will appear before Magistrate Jay at 11 o'clock to-morrow, in company with Eric Crowe, who will be charged as being the third of the trio, in addition to the bandit charge upon which he was arrested early yesterday morning. All the charges will be of committing robbery when armed with offensive weapons.

For some weeks past Chief Palmer has been working hard to secure these arrests, but although on two different occasions, with the assistance of the military authorities, the whole of the Work Point military forces have been paraded for inspection by taxi driver Stinson and Geo. Day, the elderly caretaker of the Esquimalt Municipal Hall, who was also held up, the fact that the robbers were in civilian attire was too great a handicap for such inspecting tours to overcome.

Quickly Recognized. Yesterday Chief Palmer, hidden in one of the military stables, a suit of civilian clothes, and a cap belonging to another charge. This suit he brought to the city police station, dressed in the garments, and then brought Rex Stinson to inspect the half dozen prisoners and see if he knew any of them. Stinson had no hesitation in pointing to Eric Crowe as one of the three men who had held him up.

While the same stable was found a suit of civilian clothes and a cap belonging to Souther, but up to the present no apparel other than military clothes has been found for Dean.

Hilltop Hold-Up. The story of the crime of which Crowe, Dean and Souther were charged was as follows: Early on January 16 last, Rex Stinson was hired by a young man to take him and two apparently drunken companions to Esquimalt. On Signal Hill he was threatened with three pistols, and robbed of a considerable roll of money.

While the police were searching for the party, the alleged highway-men attempted to hold up a second automobile, which refused to stop searched a solitary pedestrian on Esquimalt Road without financial luck and eventually clubbed George Day, the elderly caretaker of the Municipal Hall, but again secured nothing.

They then disappeared, and in spite of Chief James Palmer's suspicions nothing tangible was discovered until early yesterday morning, when Crowe was arrested within an hour of his alleged hold-up of another taxi driver, Harry Clark.

Mayor Founded HIS OWN CITY

40 Years Ago John Ferguson Settled on Champlain's North Bay Camp Site

John Ferguson, Mayor of North Bay, Ont., who arrived in Victoria with Mrs. Ferguson, is the first Mayor of North Bay. He is the first Mayor of North Bay to have served as far as known in Canada, and even yet jumps in, as he did this year, and takes charge of the city. Mayor Ferguson is credited in history as being the actual founder of North Bay. He was the first white man to help in the settlement. He set up his first building in August, 1882, on the site of the camping ground of that first building forty years ago, the Mayor and founder has watched his community grow person by person and building by building, until it is now a city of 2,500. He is said to be the one complete encyclopedia of the North Bay district and his mind is stored with chronicles of the doings of the families. The pioneer Mayor and his wife are on this trip for business and pleasure to compare the pioneer conditions they had nearly half a century ago with the luxuries they find on trains and in hotels across the continent. They will go South through the United States. The Mayor and his wife say they like British Columbia. They would sooner talk about what they are seeing out here than what they have back home.

PROMINENT NEW YORK MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y., is Relieved of Severe Attack of Rheumatism of Many Years' Standing

"I am now seventy-two years old and am just getting rid of fifteen-year case of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac, recently. Mr. Hyatt was chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles hurt something awful and my joints were stiff and achy. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, why, the pains nearly killed me. My appetite was gone, and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that it looked like I was as well quit trying to ever get well."

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a fellow an appetite. Well, sir, I was the most surprised I ever was in my life when the rheumatic pains began to ease up."

I took seven bottles in all and, it's a fact, I didn't have an ache about it, was eating fine and simply felt like I had been made over again.

"I have been in the best of health ever since, with only a slight twinge of rheumatism at intervals. I do not need my cane now, but as I had been unable to walk without it for several years, I got into the habit of carrying it and so still take it along. I am enjoying life and health once more and can conscientiously recommend Tanlac as the greatest medicine I have ever run across in all my experience."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

A CURE THAT WORKED! Determined to cure one of her boy pupils of his habit of sticking his hands in his pockets, a Matsugi girl teacher sewed them up one day in school. She told her "cure" to a fellow teacher, who put it into practice a few days later, when she noticed a boy in school with bulging pockets, into which he was vainly trying to force his hands. After the sewing was completed, the boy asked, innocently enough, "How am I going to get the frog out of my pocket now?" The teacher almost went into hysterics, but finally sent the boy home—and loaned him a penknife as he left the schoolhouse.—The New Westminster Columbian.

Mrs. Cleopatra Hutzman, 23, who, until two months ago, had spent her life helping run a farm at Wichita Falls, Texas, is quoted by Chicago police as confessing that she is the woman bandit who has played the leading part in 50 hold-ups in the last 60 days.

Post Toasties

are the choice of those who want corn flakes that have substance as well as flavor

They are of such thick, full-bodied texture that they don't easily crumble in the package, nor mush down after milk or cream is added. And they are tenderly crisp and delightful to the taste

Specify Post Toasties by name, when ordering from your grocer, then you will get the BEST CORN FLAKES MADE
